Writing the acknowledgement of one’s thesis is like a deep breath of relief after the long and arduous years of PhD work. In the end it is a pleasant experience.

During those working years I have been supported and escorted by many people in one way or the other. It gives me immense pleasure to express my gratitude to all of them.

At the very beginning, I would like to express my sincere gratitude to my guide Prof. Pranab Jyoti Das, Head, Department of Chemistry, Guwahati University for giving me the opportunity to work under his supervision. From the very beginning till the end of my research work he has been a great source of knowledge, inspiration and support. His informal way of running helped me to pursue my own interest in the work. I offer my sincere and humble respect to him from the deep corner of my heart.

My sincere thanks are to all the faculty members in the Department of Chemistry, Guwahati University specially to Prof. S. K. Bhattacharjee, Prof. J. N. Ganguly, Prof. A. K. Mishra, Prof. B. C. Goswami, Prof. D. K. Kakati, Prof. C. Medhi, Dr. P. Phukan, Dr. D. K. Das and Dr. R. J. Sarma for their help and encouragement. Warm thanks are also to official staff and laboratory staff of the department for their help at different stages of the work.

I am thankful to the Guwahati University for providing me with the infrastructure and facilities for research. I wish to thank Dr. P. K. Baruah, Dept. of Chemistry for helping me in IR, UV and CHN analysis of some samples. My sincere thanks is to Head, SAIF, Department of Instrumentation & USIC, Guwahati University, for XRD analysis. I am also thankful to Chandan Borgohain, Kulokamal Senapati, K. Singh and Madhurya Bora of CIE, IIT Guwahati for their help in characterizations (NMR, SEM, LC-MS etc.) required during my research work. Sincere thanks are also to SAIF, NEHU Shillong and NEIST (formerly RRL), Jorhat for NMR analysis of some of the samples.

I would like to thank my group members Utpalda, Sandhya baidew, Anal, Jupba and Sudeshma for their timely help, support and the wonderful time we shared during the period. Life would not be the same without their company.

I extend my sincere thanks to my friends MoumitaBa, SuranjanaBa, Smritiba, Rupba, Zeenba, Farhina, Mayurima, Anindita, Ranjali, Rimki, Pronita, Stuti, Dollyba, Purabiba, Murshida, Arun, Bishwa, Rajibda, Nayan, Rabenda, Pabitra, Suvasish, Indrani, Sangita, Banani, Sukanya, Lima, Pulinda, Sanchayda, Rajeshda, Anupam, Tridib Sarma, Tridib Goswami, Rupam, Partha, Madanda...
and all the research scholars of the department for their constant help, motivation and enthusiastic company. Special thanks to Guninda, Prasanta, Dhruba, Bimalsh, Rupam, Buljitda, Biswada, Jeshmini, Raihana, Sadhu and Subhojit of IIT Guwahati for their help and company.

My sincere thanks are to all the members of north-east yahoo research group, for providing me the necessary research articles.

Financial support from UGC and CSIR, New Delhi in the form of Project assistant and SRF is duly acknowledged.

My whole work would have not been completed without the constant love, support and blessings of my parents, my in laws and my brothers Dr. Bhaskar J. Baruah, Rishav & brother in law Sourabh. I am also thankful to my husband Mr. Sonit Kr. Gogoi for helping and supporting me in every step of my work as well as my life.

And last but not the least I remember the Almighty for helping me in successful completion of this manuscript.
