ACKNOWLEDGEMENT

I wish to take this opportunity to convey my sincere thanks and gratitude to Dr. P.K. Baruah, Associate professor, Department of Botany, Cotton College, Guwahati and Dr. S.C. Das Retd. Head Plant Improvement Division, Tocklai Experimental Station for their consent to act as guide for carrying out the work. Without their valuable help, guidance and constant encouragement this work could not have been completed.

It is in deed a proud privilege for me to record deep sense of gratitude to Dr. M. Hazarika, Director, Tocklai Experimental Station, Tea Research Association, for permitting me and providing all possible institutional facilities to accomplish the work. I am also thankful to Dr. M. Hazarika for his keen interest in the subject and encouragement throughout the work.

I would like to extend my sincere thanks to Dr. B. K. Barthakur, Head Mycology & Microbiology, Department, Dr. S. Debnath, Microbiologist, Dr. M. Borthakur, Entomologist, Dr. P. Dutta, Scientist, Mrs. R. Begum, Mr. M. Sarmah, Mr. A. Rahman, Mr. A. J. Tanti, scientist and all the other members of our departments, for their well wishes, active co-operation and help in many ways.

I extend my thanks and gratitude to my parents, Mr. B. C. Sarmah and Mrs. C. P. Debi for their continuous inspiration since long back.

I thank my wife Mrs. Sangita Sarmah for motivation, undivided support and co-operation throughout the work without which it could not have been possible. I also thankful to my kids, Rhitom and Rhitisha and my other family members for their blessings, inspirations and constant encouragement.

Dated 20th April 2011
Guwahati
