ACKNOWLEDGMENTS

I am highly grateful to the Almighty for allowing me to pursue and complete my Ph.D. I am thankful to Him for putting so many resources both in person and material to have my Ph.D. completed.

I first of all would like to thank and acknowledge my Ph.D. supervisor Professor Manab Deka to have stood behind me for the whole tenure and for sustaining my Ph.D. both with fellowship and with consumables for my experimental work.

I would like to thank the Department of Biotechnology, Gauhati University, as a whole and the three HODs during this time namely, Prof. M.C. Kalita, Prof. P.J. Handique and Prof. R.J. Bharali.

I am highly thankful to the Almighty creator to have provided me with friends like Subhash Medhi, Sujoy Bose, Shyam Sundar Swargiary, Prasenjit Barai, Uttam, Manzoor Da and Bhabhi and sister like Moumita Bose who have cushioned and tuned my emotional cascades during this highly charged melodrama. I am also very thankful to all family members of Sujoy, Bablu, Purabi and Subhash to have stood beside me in various ways during this period. I am very thankful to Deblaxmi in particular as well as Afruza and Jonali to have helped me during my thesis work. I can never forget the parents of Sujoy who have taken my care like their own son during my very trying times wherein I went so close to death. They gave me strength and care when they themselves were so engrossed in grief and several other problems.

I will not forget Sunil Da of Science Canteen to have provided me with tea and snacks anytime of the day including holidays which had helped me a great deal during my work and the canteen became a favorite spot to ease my tension with every sip of the tea because of him.

I am highly indebted to Dr. Syed Naqui Kazim to have been there for me at every turn and at every stop to guide me, support me and stand by me when I needed him most. I am very thankful of all my research guides at various stages particularly Prof. Shiv Kumar Sarin and Dr. Rima Dada, who helped gain expertise to attain this stage.

And at last I thank the almighty to have given me my family who have prayed and swayed with me in my doldrums and were always there with me and for me.
