LIST OF TABLES

Table | Page
--- | ---
1. Multitrait - Multirater Matrix | 119
2. Regression Results and Alpha Reliabilities of Variables in the Managerial effectiveness Models | 124
3. Degree of Agreement on the Importance of Performance Determiners, Interpersonal Competence, Contextual Factors and Role Behaviours in Managerial Effectiveness | 129
3A. Degree of Agreement on the Importance of Performance Determiners, Interpersonal Competence, Contextual Factors and Role Behaviours in Managerial Effectiveness ("Z" - Transformations) | 130
4. Managerial Effectiveness Model | 150
5. Test of Significance of Mean Effectiveness Between Self Ratings and Discriminant Analysis Classification | 152
6. One Way Analysis of Variance Between the Three Groups of Managers | 155
7. ANOVA and Tukey's Procedure Results of the Person Centred and Role Centred Variables | 157
8. Correlation Matrix | 173
9. Correlation, Between the Criterion Variables and Components of the EU Model | 175
10. Comparative Analysis of Mean Increase in Subjective Probabilities of Extrinsic and Intrinsic Rewards | 178
11. Enhancement in Subjective Probabilities of Rewards in the Four Conditions Compared Across the Three Managerial Levels | 181
12. Enhancement in Subjective Probabilities of Obtaining Rewards Under the Four Conditions Compared Across Public and Private Sectors | 183
13. Percentage of Respondents Who Rated the Perceived Importance of Target Orientation/Performance Orientation by Managerial Effectiveness | 185
