ACKNOWLEDGEMENT

Thanks's giving is a pleasant job, but it is nonetheless difficult where one sincerely tries to put it in words. These humble words and expressions cannot really convey the deep feelings of my hearts.

At this ecstatic time of presenting my thesis, I find myself unable to elucidate in words my genial feelings of indebtedness and unfeigned gratefulness to my esteemed guide Prof. K. V. Sastry, Dean and Head, Department of Bioscience, Maharshi Dayanand University, Rohtak for his affectionate and ever available guidance, incessant inspiration and valuable suggestions at all the stages of this work. I find myself highly fortunate and greatly privileged to have worked under him. I am grateful to Mrs. Sastry for her blessings.

It is with great respect and regards that I would like to express my profound sense of gratitude and sincere thanks to Dr. S.A.H. Abidi, Member, A.S.R.B., New Delhi and Ex. Director, CIFE, Mumbai and Late Dr. N.K. Thakur Ex. Joint Director, CIFE, Mumbai for suggesting this problem and moral support in timely completion of this work.

My humble thanks are due to Director, CIFE, Mumbai for sanctioning study leave.
I sincerely thank Dr. Vineeta Shukla, Lecturer, Environment Laboratory, Deptt. Of Bioscience, MDU, Rohtak for her cooperation and support from time to time.

I am grateful to all my colleagues and friends at CIFE, Rohtak centre and the places of my study for their full cooperation and help during the course of this study.

I also thank all my research colleagues Ms. Sharda, Jai Prakash, Suresh, Naresh, Krishan, Monika, Shalu and Promila for their help.

I can not forget to pay my profound debt to my parents, in-laws and relatives without whose blessings and constant inspiration the completion of this work would not have been possible.

My vocabulary is quite inadequate to bring out my feelings of gratitude for my wife Neera for her constant help and encouragement throughout the study. I am extremely thankful to my daughters Nupur and Nimisha who did not disturb me during this period.

Finally, I am also thankful to Mr. Arvind Batra, Computer Temple, Adarsh Nagar, Rohtak for the pains in word processing of this thesis with great care and efficiency.
