ACKNOWLEDGEMENT

I wish to thank and express my sincere gratitude to:

The best possible guide Dr C S Pundir, Reader, Deptt. of Bio-sciences, M D University, Rohtak, for his able guidance, valuable suggestions, and the help and encouragement throughout my Ph.D. work.

Prof Usha K Luthra, Ex-Director, Institute of Cytology & Preventive Oncology (ICMR), Maulana Azad Medical College, New Delhi, to whom I am greatly indebted, for her guidance and keen interest in my research work, and for allowing me to carry out the work at the Institute.

Dr Ravi Prakash, Head, Deptt. of Bio-sciences and Dr K V S Shastri, Ex-Head, Deptt. of Bio-sciences, M D University, Rohtak for providing me the necessary facilities to conduct my work in the department.

Dr C Duttagupta, Biochemistry unit, Indian Statistical Institute, Calcutta, for her constructive criticism, encouragement and from time to time valuable suggestions whenever needed.

Dr Arun Sharma, SRO, Malaria Research Centre, Delhi, for his helpful suggestions and friendly discussion starting from the synopsis formulation to thesis correction.

Dr B C Das, Assistant Director, Division of Molecular Oncology, Institute of cytology & Preventive Oncology (ICMR), Delhi for his helpful suggestions and providing me his lab facilities.

Dr A B Mitra, Dyputy Director, Institute of Cytology and Preventive Oncology (ICMR), New Delhi, for providing me the necessary facilities of his lab to carry out my work.

Mr N S Murthy, Assistant Director and Mrs Shashi Sharma, Research Officer, Division of Biostatistics, Institute of Cytology and Preventive Oncology (ICMR), New Delhi, who have taken the pain of statistical analysis without which this thesis could not be possible.
Dr Veena Singh, Assistant Director and Mrs Kavita Mogan, PHN, Institute of Cytology and Preventive Oncology (ICMR), New Delhi, for providing me the necessary biological materials.

Dr K Krishnaswamy, Deputy Director, National Institute of Nutrition for her help in Selenium analysis.

My friends and colleagues, J K Sharma, Gopalkrishna, Anita, Pushpa, V P Mohan, Purnima, Suresh, Naresh, Usha, Satypal, Durgesh, Nirmal for their everwilling help and cooperation during my research work.

My room mates, Raj Kishore and Nirmal for their cooperation, moral support and tolerating my late-sitting in the lab.

T Mohanan for his everwilling help in typing this thesis.

Deep Kumar for the preparation of neatful figures.

My parents, brothers and sisters for their unfailing enquiry about my thesis, their help and encouragement throughout my research work without which this thesis could have not been possible.

Anjna, who came in the later stages during my preoccupied days with my thesis, for showing her keen interest in my research work and prodding me all the time to complete the work. Her good counsel, moral support and good humour which have given a long way in the successful completion of my work.

Y KUMAR
