ACKNOWLEDGEMENT

Thanks - these six letters seem to be very simple to be used and said, but my vocabulary and language fails to find any other word than be so precise and expressive in extending one's gratitude and indebtedness as these six golden letters. I really feel today that the most difficult job is 'Thanks giving' and wish that had there been a parameter/estimate one's feeling, my work would have been easier and I would have had no difficulty in showing my warm and sincerest feeling for everybody with the help and support of whom I was able to undertake this endeavour successfully.

I express my deepest gratitude and indebtedness to my worthy Supervisor Dr. S. Hasan Ansari, Reader, Department of Geography, M.D. University, Rohtak for his invaluable guidance, which enabled me to complete the present research work. I profoundly feel that it could not have been completed without his scholarly touch. To have worked with him has proved to be a highly rewarding experience for me.

It is my proud privilege to express my deep feelings of gratitude and indebtedness to my revered teachers Dr. R.D.Dikshit, Professor (Retd.), Dr.(Mrs.) Nina Singh, Head, Department of Geography, Dr. R.B. Bhagat. It gives me immense gratification to thank other teaching and non-teaching staff of Department of Geography particularly Dr. M.I. Hasan, Dr. Karanvir Chamar and Dr. (Mrs.) Summi Sharma, Asstt. Cartographer, Mrs. Anita, Steno and Mr. Sukar Deo, L.A. for their efforts and friendly cooperation extended to me in this study.

Words alone are inadequate to convey my sense of gratitude to my respected colleague Dr. (Mrs.) Rajeshwari, Lecturer, Department of Geography, Govt. Post Graduate College, Karnal and her husband Dr. Mahabir Jaglan, Lecturer, Department of Geography, Kurukshetra
University, Kurukshetra, for giving freely of their experienced analytic outlook. The present work is the outcome of their constructive suggestions and drive for perfection. I shall forever consider it a proud privilege to have worked with them. I also thank Mr. Sudhir Kumar, Lecturer in English, Government College for Women, Mahendergarh who helped me in the present study.

I am profoundly indebted to my late father, the ‘soul’ behind this work without whose constant inspiration and moral strength I would have been unable to complete my thesis.

My special thanks are reserved for my family members, kids - Meenu, Sonu, Manish, Ankit and relatives, who kept on inspiring me in tough situations of life and helped me in completing the work. All of them have provided me the peaceful environment during the period of present study. My wife, Mrs. Kusum Lata, is worthy for my most sincere thanks for her assistance and everlasting remarkable support.

Last but not the least, I would also like to thank M/s Arora Computer Centre Rohtak and especially Mr. Subhash Gulati for painstaking typing and presentation of this manuscript in the present form.

Above all, I thank God, the Almighty for showering his blessings upon me.
