ACKNOWLEDGEMENTS

I express my deep sense of gratitude to Dr. Ishvar Singh, Reader, Chemistry Department, M.D. University, Rehtak for his able guidance, unspiring and ever available help. In fact, but for his pain-taking supervision and inspiring discussions this work would have never attained this stage.

I am grateful to Prof. B.K. Migam, Head, Chemistry Department, M.D. University, Rehtak not only for providing necessary facilities, but also encouraging me from time to time.

It is indeed a pleasure to acknowledge Prof. K.S. Sharma, Chemistry Department, M.D. University, Rehtak for taking keen interest and extending constructive criticism and stimulating discussion during the course of this work.

Thanks are also due to Dr. J.K. Makrandi and Dr. K.K. Verma for helpful discussion and useful suggestions at various stages of this work.

I would like to thank Dr. K.V. Unnikrishnan for his help at various stages of the thesis work. I wish to express my appreciation to all my colleagues for their pleasant association and co-operation during the course of this programme.
And lastly, the financial assistance from Maharshi Dayanand University, Rohtak is gratefully acknowledged.
