ACKNOWLEDGEMENT

I am immensely grateful to the Vice-Chancellor and authorities of Bharathidasan University, for having admitted me and for providing necessary facilities.

It is a great pleasure to express my deep sense of gratitude and indebtedness to my esteemed guide Dr. S. LAKSHMI, M.Sc., M.Phil., Ph. D., Reader and Head, Department of Mathematics, Kunthavai Naachiar Govt. Arts College for Women (Autonomous), Thanjavur, for the unhesitant acceptance of my candidature as a research fellow and zealous interest given all through the studies. The guidance with meticulous thinking, lasting interest, critical analysis and scientific judgment at every stage has made this research purposeful. This unflinching guidance has been the motivating factor in moulding this research work towards the completion of the study.

I wish to express my sincere gratitude to Mrs. R, DEVAKI, M. A., M. Phil., Principal, Kunthavai Naachiar Govt. Arts College for Women (Autonomous), Thanjavur, for the encouragement during my research work.

I am very much grateful to Dr. A. Arokiasamy, M. E., Ph.D, Principal and Mr. J. Palanivel, M. Sc., M.Tech., Vice-Principal, Anjalai Ammal Mahalingam Engineering College, Kovilvenni, Tiruvarur district, for giving permission and for providing necessary facilities to do my research work.

I express my earnest thanks to Dr. T. Ramaraj, M.Sc., M. Phil., Ph. D., Dean H & S and Dr. V. Sivasankaran, M.Sc., M. Phil., Ph. D., Dean MCA, Anjalai Ammal Mahalingam Engineering College, Kovilvenni, Tiruvarur district, for their constant encouragement and the help rendered by them for the successful completion of my thesis.
I am also thankful to all my department colleagues and friends for making their valuable suggestions and encouragements.

I am very much indebted to the IISC - Banglore, NIMHANS - Banglore, Bharathidasan University - Tiruchirappalli, Annamalai University - Chidambaram, Thanjavur Medical College - Thanjavur, A.A. M. Engg. College - Kovilvenni, for granting permission to access the reference materials and Journals from their Libraries.

I pay a high regards to my parents for their efforts in providing me an excellent education that has gone a long way in taking me to the fascinating world of research in Mathematics leading to this thesis.

The immense pains, my wife Mrs. M. RADHKA, M. A., M. Phil., has taken, the boundless help in all possible ways and her moral support at every stage, the sacrifices made and the cooperation extended by her during my research work are worthy to be mentioned here to make this acknowledgement complete.
