CHAPTER-I	
Introduction	
1.1 Introduction	1
1.2 Tropical Forests	2
1.3 Ecological Features of Tropical Areas	5
1.3.1 Flora and Fauna	5
1.3.2 Climatic Factor	6
1.3.3 Decay and Decomposition	6
1.3.4 Habitats and Ecological diversity	6
1.4 Importance of Tropical Forests	7
1.5 The Tropical Deciduous Forests	9
1.6 The Alagar Hills	11
1.7 Ecological Significance of Sacred Groves	12
1.8 Remote Sensing of Tropical Forests	13
1.8.1 An Overview of Remote Sensing	13
1.9 An overview of Geographic Information System	15
1.9.1 Conceptual framework of GIS	16
1.9.2 GIS and Resource Management	17
1.10 Spatial models and Resource management	18
1.11 Landscape ecological perspective and resource management	18
1.12 Landscape Ecology	19
1.13 Relevance of the Study	20
1.14 Aims and Objectives	21
1.15 Materials Used	21
1.16 Methods	22
1.17 Field Observations	24
1.18 Review of Literature	24
1.18.1 Studies on Landscape Ecology	24
1.18.2 Studies on Forest Resources Management and Biodiversity	30
1.18.3 Studies on Remote Sensing and GIS for Hill Area	32
1.18.4 Studies on Alagar Hills	36
1.19 Organization of the Thesis	38

CHAPTER-II

Alagar Hills - The Study Area

2.1	Introduction	40
2.2.	Location	40
2.3	Climate	41
	2.3.1 Temperature	41
	2.3.2. Rainfall	42
	2.3.3 Humidity	44
2.4	Geology and Geomorphology	45
2.5	Soil	46
2.6	Socio-Economic Aspects	46
2.7	Resources of Alagar Hills	46
	2.7.1 Valley Vegetation	48
	2.7.1.a Silambar Valley	48
	2.7.1.b Periya Aruvi Valley	48
	2.7.1.c Bison Valley	49
	2.7.2. Ridge Vegetation	49
	2.7.3. Flat Topped Hill Vegetation	49
	2.7.4. Rivulets	49
	2.7.5. Vegetation of Exposed Slopes	50
	2.7.6. Vegetation of Plains	50
	2.7.7. Plantations	50
	2.7.8. Others	50
	2.7.9. Medicinal Plants of Alagar Hills	50
2.8.	Wild Life	51

CHAPTER-III

Landscape ecology of Alagar hills

3. 1	Introduction	53
3.2	Development of Landscape Concept	53
3.3	Landscape ecology – Theory and Practice	54
3.4	Landscape Patches of Alagar hills	58
3.5	Landscape Matrix	58

3.6	Landscape Corridors	59
3.7	Landscape Scale	60
3.8	Landscape Metrics	61
3.9	Landscape Context	62

CHAPTER-IV

Studies on the Structural Aspects of Alagar Hills

4.1	Introduction	64
4.2	<i>Topography and Terrain characteristics</i>	64
4.3	Methods of Characterising Topography	65
	4.3.1 Structure of DEM and TIN	67
	4.3.2 Errors in DEM	68
4.4	The DEM of Alagar hills	69
4.5	Visualization in Scientific Computing	70
4.6	Visualisation of Alagar Hill Structure	72
4.7	Derivatives of DEM and Alagar Hill Structure	73
	4.7.1 Methods of Deriving DEM Derivatives	73
	4.7.2 Slope	74
	4.7.3 Aspect	75
	4.7.4 Hillshade	75
4.8	Terrain Characteristics of Alagar Hills	76
	4.8.1 Relief	76
	4.8.2 Slope	77
	4.8.3 Aspect	77
	4.8.4 Hillshade	79
	4.8.5 The Solar Illumination Model for Alagar Hills	79
4.9	Forest Structure of Alagar Hills	82
	4.9.1 Vegetation of Alagar Hills	82
	4.9.2 Plant Community of Alagar hills	84
4.10	Qualitative Analysis of Alagar hills Plant Community Structure	85
	4.10.1 Floristic Composition	85
	4.10.2 Stratification	86
	4.10.3 Physiognomy	86

4.11	Quantitative Evaluation of plant community structure of Alagar hills	89
4.11.1	Density	89
4.11.2	Diversity	90
4.11.3	Dominance	91
4.11.4	Spectral Characteristics of Alagar hill Environs	94
4.11.4.a	Flat Topped Hill	96
4.11.4.b	Gravelly Areas and Plains	96
4.11.4.c	The slopes	97
4.11.4.d	The Valleys	97

CHAPTER- V

Studies on the Processes through Process Indicators

5.1	Introduction	99
5.2	Methodology	100
5.3	Hill Slope Process and Process Indicators	101
5.3.1	Curvature	102
5.3.2	Rate of Downslope Movement	104
5.4	Channel Process and Process Indicators	104
5.4.1	Drainage Density	105
5.4.2	Length of Overland Flow	105
5.5	Biological Process and Process Indicators	107
5.5.1	The Vegetation Vigour of Alagar Hills Reserved Forest	108
5.5.2	Periodicity	109
5.5.2.a	Phenology	110
5.5.2.b	Phenology of Alagar Hills	110
5.6	Landscape Metrics	113
5.6.1	Patch metrics	113
5.6.2	Shape Metrics	114
5.6.3	Pattern Metrics	115
5.6.3.a	Dominance and Diversity indices	116
5.6.3.b	Spatial Statistics and Pattern Analysis of Patches	117
5.6.3.c	Spatial Statistics of landscape patches of Alagar Hills	118
5.7	Tourism	120

CHAPTER- VI

Changes in Structural and Functional Characteristics

6.1	Introduction	122
6.2	Changes in Spectral Characteristics of Alagar hill Environs	123
6.3	Changes in the NDVI of Alagar Hill Environs	125
6.4	Changes in the Dominance and Diversity Indices	126
6.5	The Possible Factors Responsible for Change	127

CHAPTER- VII

Integrated Analysis and Strategies for Conservation and Management of Forest Resources of Alagar Hills

7.1	Introduction	129
7.2	Methodology	129
7.3	Habitat Suitability Zones	131
7.4	Strategies for Conservation and Management of Forest Resources	132
	7.4.1 Management Objectives	132
	7.4.2 Management Plan	133
	7.4.3 Forest Department	133
	7.4.4 Tourism Department	134
	7.4.5 Administrative Management	135
	7.4.6 Monitoring	136

CHAPTER- VIII

	Summary and Conclusion	137
