**LIST OF TABLES**

Table 1. Medicinal plants claimed to be effective in various types of cancers

Table 2. Some important plants possessing anticancer principles

Table 3. Mean Monthly Temperature during 1998 and 1999

Table 4. Mean Monthly Rainfall during 1998 and 1999

Table 5. Qualitative estimation of organic substances in the methanolic extract of root, stem, leaf and seed of *Ludwigia prostrata* L.

Table 6. Comparative study of life span on tumour induced mice and the effect of 5FU and root, stem, leaf and seed extracts of *Ludwigia prostrata* Roxb. and flavonoid of *Hibiscus vitifolius* L. on the tumour induced mice

Table 7. Normal Haematalogical Parameters in Swiss albino mice

Table 8. SNK (Student-Newman-Keuls) Multiple Range Test for Haematological parameter - RBC under various modes of treatment

Table 9. One Way Analysis of Variance for haematological parameter RBC under various modes of treatment

Table 10. SNK - Multiple Range Test for Haematological parameter - WBC, under various modes of treatment

Table 11. One Way Analysis of Variance for haematological parameter WBC under various modes of treatment

Table 12. SNK - Multiple Range Test for Haematological parameter - Haemoglobin under various modes of treatment

Table 13. One Way Analysis of Variance for haematological parameters Haemoglobin under various modes of treatment

Table 14. SNK - Multiple Range Test for Haematological parameter - Serum Protein under various modes of treatment

Table 15. One Way Analysis of Variance for haematological parameters Serum protein under various modes of treatment

Table 16. SNK - Multiple Range Test for Haematological parameter - PCV under various modes of treatment

Table 17. One Way Analysis of Variance for haematological parameters PCV under various modes of treatment*
Table 18. SNK - Multiple Range Test for haematological parameter - Leucocytes under various modes of treatment

Table 19. One Way Analysis of Variance for haematological parameters Leucocytes under various modes of treatment

Table 20. SNK - Multiple Range Test for haematological parameter - Monococytes under various modes of treatment

Table 21. One Way Analysis of Variance for haematological parameters Monocytes under various modes of treatment

Table 22. SNK - Multiple Range Test for haematological parameter - Neutrophils under various modes of treatment

Table 23. One Way Analysis of Variance for haematological parameters Neutrophils under various modes of treatment
