It is indeed a great pleasure for me to express my deep sense of gratitude to my Research Adviser, Dr. George John, Lecturer (Senior), Department of Zoology, A.A. Govt. Arts College, Musiri, for suggesting this problem, providing able guidance and encouragement throughout the course of this work. His genuine interest in my work, useful criticisms and his easily accessible nature enabled me to complete this thesis in time.

I am deeply indebted to Dr. R.S. Jagadish Bose, (Principal) and Prof.(Mrs.) S. Kanthamani, Head of the Department of Zoology, A.A. Govt. Arts College, Musiri, for providing facilities and for their keen interest in this research programme. I gratefully acknowledge the timely help and ardent support extended by my colleagues at A.A. Govt. Arts College, especially M/S. Viswanathan, S. Swaminathan and K. Palanivel of the Department of Zoology; Prof. V.K. Balasubramanian and Dr. T. Boopathy of the Department of Botany; Prof. K. Kalyanasundaram, Head of the Department of Physics and Dr. R. Kathiresan, Lecturer in Chemistry.

I have great pleasure in expressing my heartfelt thanks to the Board of Management, the Principal and Prof.S.
Thangavelu (Head, P.G. and Research Department of Zoology), Jamal Mohamed College, Tiruchirapalli, for granting permission to pursue my research at their institution during the 'Faculty Improvement Programme (F.I.P.) Period'. I am indebted to Prof. S. Thangavelu for his magnanimity and kind words of encouragement.

I am immensely thankful to Dr. K. Ramalingam, Lecturer, Research Department of Zoology, Govt. Arts College, Nandanam, Madras, for his selfless untiring help, stimulating discussions and for being a fountainhead of support right from the beginning of this research programme.

I am grateful to Dr. P. Subramaniam (Doctoral Committee Member), Lecturer, Department of Animal Sciences, Bharathidasan University, for his keen interest in my work and for his valuable comments.

I profoundly thank all my friends especially, Dr. N. Anbusaravanan, Govt. College, Kumbakonam; Dr. K. Vijayaraman, E.V.R. College, Tiruchirapalli; Dr. S. Saravanan, Jamal Mohamed College, Tiruchirapalli; Prof. Rahman, Head of the Department of Zoology, Govt. College, Nandanam, Madras; and Dr. Balasundaram and Dr. Ravi, Presidency College, Madras, for their valuable and timely help in many ways impossible to cite here fully.

My sincere thanks are due to the Director, Central Electrochemical Research Institute (CECRI), Karaikudi for
granting permission to avail HPLC and Atomic Absorption Spectrophotometer facilities and to the Director, Soil Testing and Research Laboratory (Govt. of Tamilnadu), Kudumianmalai for extending facility for analysing ionic concentrations. Generous assistance extended by the scientists at CECRI - Dr. V.Krishnan, Dr. M.Chandrasekharan, Dr. Augustin and Dr. Madhu, and by the Agricultural Research officers at Kudumianmalai - M/S. Lakshmanan and Dharmalingam, is gratefully acknowledged. Thanks are also due to Dr. K.Balasubramanian and Dr. N.Srinivasan, P.G. Institute of Basic Medical Sciences, for providing free substrate samples for enzyme studies.

My sincere appreciation is due to Prof. G.Subramaniyan and Dr. Tajudeen, Dept. of Microbiology, Bharathidasan University for their help with photomicrography.

Library facilities provided at Bharathidasan University, Madras University and at Fisheries College of Tamilnadu Veterinary and Fishery Sciences University, Tuticorin are acknowledged gratefully.

Computer facility provided for data processing by Mr. S.Thirunavukkarasu, Advanced Computer Centre, Tiruchirapalli in sincerely acknowledged.

Assistance extended by Mr. M.Jaganathan, Zoology Laboratory Assistant, A.A. Govt. Arts College, is gratefully acknowledged.
My sincere thanks are due to Mr. Sakthivel, Sridevi Commercial Institute, Musiri for typewriting the manuscript and to M/s. SysTech COMPUTERS, Tiruchirapalli for meticulously bringing out the final computer print.

I thank especially the University Grants Commission, New Delhi and the Bharathidasan University for selecting me under the F.I.P. for one year and the financial assistance provided during that period. I also thank the Commissioner of Collegiate Education, Madras for granting me permission, to do this research project, while working as a college teacher.

Lastly, I express my boundless gratitude to my wife, Mrs. Saradha, my son, Thamizhenthi and my daughter, Kalaimani, who have displayed implicit understanding, immense patience and encouraged me throughout the study period.

R. KASINATHADURAI
