ACKNOWLEDGEMENT

My heart knows no bounds in expressing deep sense of gratitude to Dr. H. Sudarsana Rao, Professor of Civil Engineering and Director of Evaluation for having received from him inspiration, encouragement, help and guidance with affection to carry out the research work successfully. I have no enough and abundant words in my word bank to convey my hearty thanks for the same. I am greatly indebted to him for sparing his valuable time for lengthy discussions and constructive comments during the course of progress of this work and also for providing me necessary support at all the stages facilitating me in carrying out this research work successfully.

I am very much grateful to Dr. K. Lal Kishore, Vice-Chancellor of Jawaharlal Nehru Technological University, Anantapur for his encouragement and cooperation in successful completion of this research work.

I am very much thankful to Dr. C. Sashidhar HOD, Associate Professor, Dept. of Civil. Engg, JNTUCEA, for his help and encouragement in successful completion of this research work.

I am very much thankful to Dr. N. V. Ramana Assistant Professor, Dept. of Civil. Engg, JNTUCEA, for his help and encouragement in successful completion of this research work.

I am very much thankful to Sri Sashidar Reddy Project Manager and Sri.T.C.Venkatata reddy Sr.Quality Control Engg, Navayuga constructions, Chagallu reservoir, Anantapur, for their invaluable help and encouragement in successful completion of this research work.

I am very much thankful to the authorities of Jawaharlal Nehru Technological University, Hyderabad and J.N.T.U. College of Engineering, Anantapur, for permitting me to register for Ph.D. in this institute and enabling me to pursue my research work.
I am very much thankful to Dr. Ananda Rao, Principal and Dr. Prahallada Rao Vice-Principal, of J.N.T.U. College of Engineering, Anantapur for their encouragement and co-operation.

I am very much thankful to Dr. Vaishali G. Ghorpade Associate Professor, Dr.V. Bhaskar Desai Professor and Dr.S.Krisnaiah Associate Professor, Dept. of Civil. Engg, JNTUCEA, for their encouragement in successful completion of this research work.

I am very much thankful to my friends Sri. Giridhar, Sri Subbiah, Sri. Srinivas, Sri. Ramesh and Sri. Shoban Babu for their encouragement in successful completion of this research work.

I am extremely thankful to the Laboratory staff at Chagallu reservoir, Anantapur, for their encouragement in successful completion of this research work.

I wish to appreciate my mother Smt.V.Muneswaramma and my life partner Smt.V.Anitha for their encouragement in successful completion of this research work.

I thank one and all, who helped me directly or indirectly for completing this research work.

V.SHOWJENDRA KUMAR REDDY
