ACKNOWLEDGEMENTS

To be blessed with a wonderful person as a guide is one thing; to have a blessing itself as a guide is another. I have been fortunate to have both the above, for which I shall ever be grateful with my whole heart. The occasions are many yet each is vividly etched in my mind when I was treated with utmost concern, earnestness, sincere dedication, undeserving understanding and generous patience by my esteemed Research Advisor Rev. Dr. S. John Britto, SJ, Secretary, St. Joseph’s College, Director, Rapinat Herbarium, and Centre for Molecular Systematics, St. Joseph’s College, Tiruchirappalli. As a tip of the iceberg I place on record my deep and immense sense of gratitude to my Guide who watchfully and constantly spurred me forward in completing this work.

I express my sincere gratitude to Dr. D. I. Arockiasamy, Head of the Department of Plant Biology and Plant Biotechnology, St. Joseph’s College for being helpful, dependable, supportive and readily approachable whenever a need arose.

I sincerely express my gratitude to Rev. Dr. R. Rajarathinam, SJ, Principal, St. Joseph’s College (Autonomous), Tiruchirappalli for his blessings and support.

I acknowledge with gratitude the kind gesture of Dr. P. V. Madhusoodanan, Professor, Department of Botany, Calicut University, Kerala of graciously receiving me into his Research Department, permitting me to do my taxonomical analysis work under his guidance and for the kind hospitality rendered to me by him and his team during my stay there.

My heartfelt gratitude is specifically acknowledged to Dr. Manju C. Nair, without whose generous intellectual support and contribution at significant early stages, this research work would not have been possible. I shall always be thankful to her for helping in taxonomical area, in literature survey and identification.
I remember gratefully the fellow researchers at Calicut University especially Dr. K. P. Rajesh, Mr. E. A. Babu Ulikkal, Mr. U. Habeeb Rahiman, Dr. K. A. Azeez, Dr. Venugopalakrishna Kurup and others.

My special thanks to Dr. M. V. Rao, Professor, Department of Plant Science, Bharathidasan University for his suggestions and help.

I express my sincere gratitude to the former Principal Rev. Dr. A. G. Leonard, SJ, who permitted me to avail FIP, which has enabled me to concentrate better.

I recall with gratitude the support and help given by the former Heads, Dr. M. Patrick Gomez and Dr. V. M. Abdul Kadhiri, Department of Plant Biology and Plant Biotechnology.

I am also thankful to Dr. P. Daniel, former Director, Botanical Survey of India, Coimbatore for his help and support in the formation of this thesis.

I am grateful to Dr. K. V. Krishnamurthy, former Head, Department of Plant Science, Bharathidasan University and his student Dr. G. V. Kumar for their help.

I thank Dr. A. Ramachandran, IFS, Director, Centre for Climate Change and Adaptation Research, Anna University, Chennai for his encouragement and help.

I am particularly thankful to Dr. V. Irudayaraj, Assistant Professor, Department of Plant Biology and Plant Biotechnology, St. Xavier’s College, Palayamkottai for his scientific advice in different aspects of my work.

I am indebted to Dr. J. John, Associate Professor, Department of Plant Biology and Plant Biotechnology, for his help in Antimicrobial Studies and for his constant encouragement throughout the period.

I am grateful to Dr. S. R. Senthilkumar, Assistant Professor, Department of Plant Biology and Plant Biotechnology, for his timely support in microphotography and his concern as a well wisher.

I thank Mr. S. Kumaravel, Senior Scientist, Indian Institute of Crop Processing Technology (IICPT), Thanjavur for graciously helping me with phytochemical work.

Studies on the Bryopsida of the Kolli Hills
I am thankful to the Faculty of the Department of Plant Biology and Plant Biotechnology, St. Joseph's College for their encouragement and support throughout.

I am also thankful to the Staff of the Rapinat Herbarium for their support.

I specially thank Mr. S. Senthilkumar, Research Scholar, Department of Botany, Jamal Mohamed College, Tiruchirappalli for his timely, enormous help selflessly rendered at every stage upto the binding of the work.

I sincerely thank Mr. A. Diraviadoss for his wonderful help in specimen collection during all seasons.

I am grateful to Mr. Sebastiraj for helping me with collection and all other non-teaching staff of the Department of Plant Biology and Plant Biotechnology for their help.

My sincere thanks are due also to Mr. Shankar, Artist, CBB, St. Xavier's College, Palayamkottai for helping me immensely with illustrations of the species.

I am deeply grateful to Mr. S. Jesudoss who patiently, painstakingly and single handedly undertook the demanding volume of typing and was untiringly available at any time with his voluntary service and adept skills.

I must mention with gratitude the services of Mr. K. Chakra, of the New Digital Studio, Tiruchirappalli and especially the tremendous work tirelessly undertaken in Photoshop, by Mr. S. P. Siva.

I thank my Family and Friends for their support and prayers.

Above all I thank God Almighty for His abundant Graces in every step of the way.

S. Sahaya Sathish
