ACKNOWLEDGEMENTS

Words can hardly express my profound debt of gratitude to my respected guide Dr. P. SHAHUL HAMEED, M.Sc., Ph.D., Lecturer (S.G.), Post-Graduate Department of Zoology, Jamal Mohamed College, Tiruchirapalli, without whose guidance, inspiring and valuable suggestions, close supervision, timely instruction and encouragement, I would not have submitted this thesis in time.

I am immensely grateful to Prof. N. ABDUL SAMAD, M.A., M.Phil., Principal, Jamal Mohamed College, Tiruchirapalli for having admitted me in this course.

I extend my gratitude to Haji. A.M. SHAMSUDEEN, B.A., Secretary and Correspondent and Prof. N.M. HASSAN, M.A., M.Phil., Principal, Khadir Mohideen College, Adirampattinam for deputing me for this higher learning.

I wish to express my thanks to Dr. S. THANGAVELOU, M.Sc., Ph.D., Head of P.G. Department of Zoology and all other staff members of Zoology Department for their help and constant encouragement during the tenure of research. I also wish to record my special thanks to Prof. B.M.GULAM MOHIDEEN and MOHAMED SAMSUDEEN for having read the proof patiently and made necessary corrections.

I wish to express my gratitude to Dr. M.A.R. IYENGAR, Head of the Health Physics Division and Mr. V. KANNAN, M.Sc., Senior Scientist, Environmental Survey Laboratory, Kalpakkam for their valuable help and providing facilities for analysis of heavy metals in Atomic Absorption Spectrophotometer.
I am very much indebted to **Dr. V. RAMAIYAN**, Director, Centre of Advanced study in Marine Biology, for having readily permitted me to make use of their library and collect the reference materials required.

I sincerely express my indebtedness to **Dr. T. KANNUPANDI** and **Dr. S.T. BALASUBRAMANIAN**, Professors in Marine Biology and **Dr. S. AJMALKHAN**, Reader in Marine Biology, Centre of Advanced Studies in Marine Biology, Parangipettai for making a critical reading of the manuscript and offering valuable comments.

My sincere thanks are due to **Dr. AKBARSHA**, Reader in Animal Sciences, Bharathidasan University, Tiruchirapalli, for his suggestions and encouragement.

I am very much thankful to the Director, National Institute of Oceanography, Donapaula for providing me reference materials. I am also grateful to the authorities of Meteorological Station at Adirampattinam and Public Works Department at Pattukkottai for having provided me hydrological data.

It is with great pleasure I am thanking **Prof. D. SYED MOHAMED SHA**, M.Sc., M.Phil., **Prof. T.A.M. HABIB MOHAMED**, M.Sc., M.Phil., and other staff members of P.G. Department of Zoology for their constant encouragement. I also thank **Mr. P. KUMARASAMY**, M.Sc., M.Phil., Lecturer in Zoology and **Mr. S. RAVEENDRAN**, M.Sc., M.Phil., Lecturer in Zoology for their help in Photography and Statistical analysis.
My thanks are due to University Grants Commission, New Delhi for the award of Research Fellowship under Faculty Improvement Programme.

I wish to express my heartfelt thanks to B. AMANULLAH, K. SHAHEED and S.S.N. SOMASUNDARAM, Research Scholars, Division of Environmental Study, P.G. Department of Zoology, Jamal Mohamed College, Tiruchirapalli, who helped me in all possible ways for the successful completion of this thesis.

My sincere thanks are also to Mr. BALU, Manager, S. RAHMATHULLAH, M.C.A., for the neat execution of typing the thesis.

I express my indebtedness to my brother Mr. S.V.S. PAKKIR MOHAMED, my brother-in-law, Mr. A. AMEENUDEEN, M.Sc., and Dr. A. SHAHUL HAMEED for their continuous encouragements.

I wish to thank my wife who singly managed the family smoothly in my absence and allowing me to concentrate on research work.
