Acknowledgements

As I submit my thesis, it gives me a sense of immense contentment to express my gratefulness to all those who have contributed in their special way to make the completion of this thesis possible.

My sincere gratitude goes to Hon'ble Vice Chancellor Prof. M. Ponnavaiko, Bharathidasan University for his effective plans to create more infrastructure and necessary facilities to support and improve the ongoing research activities in campus. I thank him for his consideration and support.

I express my warmest regards and thanks to Dr. V. Radhakrishnan, Registrar, Bharathidasan University. His support at various stages in these past two years is duly acknowledged.

My deepest gratitude goes to my supervisor Prof. Chellam Balasundram, his constant guidance, encouragement and his ability to solve all problems in a simple manner. His down to earth and positive attitude towards life will always be an example for me. I am really glad that I have come to know Prof. Chellam Balasundram in my life.

Most of all I would like to thank my Co-supervisor, Dr. Vijay Kumar, Associate Scientist, Virology group, ICGEB, New Delhi for providing all the necessary facilities during the entire course of Ph.D. I thank him for his consideration, support, tireless efforts and gentle guidance. He is not only a great scientist with deep vision but also and most importantly a kind person. His trust and scientific excitement inspired me in the most important moments of making right decisions and I feel great having worked under his supervision.

I am thankful to Prof. M.A. Akbarsha, Head, Department of Animal Science and Co-Ordinator, School of Life sciences, Bharathidasan University and Prof. K.V. Krishnamurthy, Former Co-ordinator, School of Environmental Sciences, Bharathidasan University for their valuable suggestions and support at all times.

I wish to express my deepest sense of gratitude and whole hearted thanks to the former vice chancellor Prof. C. Thangamuthu, Bharathidasan University for giving me a constant encouragement and support during the course of Ph.D.

I thank Prof. V. S. Chauhan, Director, ICGEB, who gave me an opportunity to work at ICGEB. His support at various stages in these past four years is duly acknowledged.

I am thankful to Dr. Shahid Jameel, Dr. S. K. Lal, Dr. Dinkar Sahal, Dr. Natarajan, Dr. Manivel, Dr. Swaminathan, Dr. Rajagopal and all the other faculties of ICGEB for their valuable suggestions and support at all times. I also acknowledge the guidance and support provided by Dr. M.K. Reddy.

I also acknowledge the help and advice provided by my teachers Prof. (Mrs). P. Geraldine Prof. P. Subramanian and Dr. G. Archunan, Department of Animal Sciences, Prof. A. S. Rao, Prof. A. Ganapathy, Dr. S. Sekar Department of Biotechnology,
Prof. N. Jayabalan, Prof. M. V. Rao, Dr. B. D. Ranjithakumari, Dr. A. Lakshmi Prabha, Department of Plant Science, Dr. L. UMA, Dr. P. Malliga, Dr. D. Prabakaran, Dr. M. Sundraraman, Dr. T. Tirumalaasundari, Dr. N. Thajuddin, NFMC and Department of Microbiology, Prof. M. Krishnan, Department of Eco-Biotechnology, Prof. M. Manivel, Department of Geology, Bharathidasan University, Tiruchirappalli, Tamil Nadu.

My colleagues and friends from School of Life Sciences and other disciplines of various departments are also gratefully acknowledged.

My special thanks to Dr. Sashidhar Mulugu, and Dr. K. Premkumar, Department of Bio-Medical Science for their kind co-operation during the last phase of my Ph.D study. The support of my students I, II and III year of M.Sc. Bio-Medical Science are also acknowledged.

I would also like to gratefully acknowledge the support of some very special individuals. They helped me immensely by giving me encouragement and friendship.

My sincere thanks to Dr. Rati Mishra for helping me with my experiments with the expertise of his field cDNA substraction library. My special thanks to Dr. Le Hung, Dr. Neetu Kalara, Dr. Milan, Dr. Suman, Dr. Milana Panteva, Dr. Moin, Dr. Atish, Mrs. Poornima Arun, Deepthi, Amjad, Mrs. Meenakshi, Mrs. Charu, Vijaya, Ekta, Surendar, Sameer and Dr. Anuradha. Special thanks for their help and for all those light and cheerful moments that I shared with them. Dr. Vaibhao, Dr. Vibha, Mr. Ravinder Kumar and Dr. Payal for their helpful discussions and suggestions about this work and also they helped me to learn the FACS technique and cell culture work properly. I am thankful to all the past and present members of the Virology group for their cheerful support during my stay at ICGEB.

Thanks to Mrs. Tenzin Choedon for her infinite patience and genuine concern and delightful companionship.

My sincere thanks to Mr. Ashok Das, Mr. Rakesh Singh and Dr. Chandramouli, Experimental Animal House facility, ICGEB, who assisted me to carryout animal model experiments. Thanks to Mr. Kadarji, Research Assistant and Mr. Jobijohn, Technician helped me to move my experiments without any instrumental problems.

I enjoyed the great company of my juniors Mr. S. Dharneedharan and Mr. E. Ramesh for their soundless cooperation and being such a supportive colleague during my Ph.D. I also acknowledge Mr. C. Kanagaraj, Mr. A. Ganesh, Mr. Velayatha Prabu, Mr. R. Arun, Mr. T. Jayakumar, Mr. M. Sakthivel, Miss. M. Isai, Miss. A. Arul sundari, Miss. C. Prisila, Mr. R. Elanchezhian and rest of the scholars from Department of Animal Science and School of Life Sciences.

I would like to express my gratitude to Dr. P.R. Baskaran, Mrs. S. Lakshmi, Mr. R. Natarajan, Mrs. A. Priya, Miss. H. Afroze Parveen, Mr. Manoharan and
Mr. M. Rangaraj for their support and assistance. Thanks to all the administrative staff from Bharathidasan University and ICGEB for their cooperation.

The financial help provided by CSIR for pursuing my thesis is duly acknowledged.

To the following family and friends with my appreciation and affection for standing by me when I was at my worst and I need them the most. Their presence has made my life richer in so many ways.

I owe a lot to Dr. R. Kannan (kanns)- for all the good times we have spent together and his kindness especially when I was unwell. Dr. G. Rajavenkatesh (Venky)- for being an honest friend and his animated conversations and unmatched wacky sense of humor. Dr. Utpaldas (Udass(a) God)- for his generosity and going out of his way to cheer me up, he never said no for any help. Grace- for her graceful ways and pleasant company and all the laughter she brings along with her. Above all, her constructive discussions scientific and worldly. Tamilarasi (Tami)- for her simplicity, always listening to me and accommodating friendship. I shall always cherish the good times we had together.

Words fail me to express my gratitude to Mr. A. Rajedran and Mrs. Meena Rajedran, Mr. A. Balachander and his family, Mrs. Jammu Nathan and her family, my little daughter Mahashree and my son Guru (Sridhar) for their secure support and unmatched love. All these years their house was another home for me. They were constant reservoir of cheer at all those times when I needed it most.

Thanks to my friends especially, Krishnaraj (Kitca), Saradevey Vinoth, Prabawathi, AG(M)AARK, Rajagowthameee, Anuradha, Raja, Arumugam, Dr. A.J. Velanganni, Dr. P. Mariappan, Dr. R. Hari Krishnan and Dr. Senthil for their company and all the good times we have had as friends being there. Special thanks for their help and for all those light and cheerful moments that I shared with them.

My heartfelt regards to my sisters N. Durgavani(L), Dr. (Mrs). Sumathi Murugasan, Mrs. Santhi Nallusamy, Mrs.Vadivarasi Tamiselvan, Sobana, Mrs. Bhuvaneswarai Narayanan, Sujatha, Muthulakshmi, and M. Swarnalatha (for the joy and laughter their innocence brings) and my brother in law Dr. K. S. Murugasan and Mr. S. Kannan for their support and love.

Harshini: my little buddy for her unconditional love. Ananth: my brother, for his incomparable company and all the fun we have had growing up together.

My heartfelt thanks to my uncle Mr. John Ramachandran and his family for their constant encouragement and love.

However there are those whose spiritual support is even more important. I would like to thank sishya poojitha Janani, and Shree Sathya Sababa. I am forever grateful to my parents for giving me life in the first place and who gently offer counsel and unconditional support at each turn of the road. My mom has been a source of love and energy and an inspiration on how to make things 'perfect'. At the same time I would like to thank my in-laws...
Mrs. Rajeswari Sankaranarayanan, Mr. V. Sankaranarayanan and my uncle Dr. V. Arunachalam, who gave me the courage to follow my dreams.

Last but not least, I want to thank my wife Selvakumari for all the support, endless love, patience and inspiration that she gave me during the years I have been working on this thesis. Above all she is the one who is making my life more meaningful and colorful too.

The expression of this thesis has been regulated by multiple factors, each unique and irreplaceable. To my friends who aren't here but always encouraged me and despite my laziness have made the effort to keep in touch.

Thank you all!!!

G. Mathan.
