Acknowledgements

I have immense pleasure in expressing my deep sense of gratitude and heart-felt thanks to my guide and supervisor Dr. (Mrs.) P. Geraldine, Professor, Department of Animal Science, Bharathidasan University, Tiruchirappalli, for her invaluable guidance, incessant and steadfast inspiration, suggestions, constructive comments and discussions. I am thankful to her for her kindness, patience and support that helped me to perform many onerous tasks. It is only because of her enthusiastic encouragement and much effort I completed my thesis.

I am very much obliged to Dr. Philip A. Thomas, MBBS., MD., Ph.D., Professor and Head, Department of Ocular Microbiology, St. Joseph Eye Hospital, Tiruchirappalli, for his advice, priceless suggestions, critical evaluation of the manuscripts and the thesis, and precious help at various stages of this research work. His intellect personality and superabundant support helped me to step into the scientific world with a clear vision.

I owe my special thanks to Dr. P. Subramanian, Professor and Head, Department of Animal Science, Dr. C. Balasundaram, Professor Emeritus, Department of Animal Science, Dr. M. A. Akbarsha, Professor Emeritus, Department of Animal Science, Dr. G. Archunan, Reader, Department of Animal Science, Dr. K. Emmanuvel Rajan, Lecturer, Department of Animal Science, and Dr. B. Kadalmani, Lecturer, Department of Animal Science, Bharathidasan University, Tiruchirappalli, for their valuable suggestions and opinion to complete my research work fruitfully.

My gratitude to Dr. Vasanthi Nachiyappan, Reader and Head, Department of Biochemistry, Dr. M. Krishnan, Professor and Head, Department of Environmental Biotechnology, Dr. R. Babu Rajendran, Reader, Environmental Biotechnology, Dr. K. Thamariselvi, Lecturer, Department of Environmental Biotechnology Dr. M. Govindaraju, Lecturer, Department of Environmental Biotechnology, Dr. L. Uma, Director, National Facility for Marine Cyanobacteria, and Dr. R. Renganathan, Professor, School of Chemistry, for their timely help and encouragement during the tenure of my study.

My vocabulary runs dry when I look the right words to express my deep sense of gratitude to Dr. K. Vasanth, Post Doctoral Scientist, National Yang-Ming University, Taiwan, and Dr. K. Selvan, Head, Department of Biotechnology, Dr. N.G.P Arts and Science college, Coimbatore, for having brought me to this research field and helping me at various stages of this research work.

I express my sincere thanks to Dr. N. Muraleedharan, Director, UPASI-Tea Research Foundation, for granting permission to utilize the facilities and Dr. R.S. Senthil Kumar, Tea
I wish to express my sincere thanks to my seniors, Dr. J. Kalianurthy, Assistant Professor, Department of Ocular Microbiology, St. Joseph Eye Hospital, Tiruchirappalli, Dr. D. Arvind Prasanth, Lecturer, Department of Microbiology, Periyar University, Salem, Dr. S. Shanju, Post Doctoral Scientist, Masaryk University, Czech Republic, and Dr. T. Jayakumar, Post Doctoral scientist, Department of Pharmacology, Graduate School of Medicine, Taipei Medical University, Taiwan, for their constant support, co-operation and valuable suggestions during this work.

My memorable thanks to Dr. R. Rajkumar, Post Doctoral Scientist, National Yang-Ming University, Taiwan, for his whole-hearted support and encouragement during this course of study.

I owe more words of thanks to my fellow colleagues Mr. R. Elanchezian, Mr. M. Sakthivel, Ms. M. Isai, Mr. A. Chinnakkaruppan, Ms. G. Leema and Mr. T. Annadurai for their precious support and timely help during this course of study.

I take this opportunity to thank Dr. P.R. Baskaran, Technical Officer, Department of Animal Science, Bharathidasan University, Tiruchirappalli for his assistance.

My heartfelt thanks to all my fellow researchers at the Department of Animal Science, Bharathidasan University, Tiruchirappalli, from whose insights and suggestions, I have benefited greatly and borrowed freely.

It is with great pleasure, I sincerely thank my friends Mr. V.S. Periyasamy, Post Doctoral Scientist, King Saud University, Saudi Arabia, Mr. S. Govindaraj, Dr. B.R. Chandrasekar, Mr. V.R. Muthukumaran, Mr. P. Kumarasamy and Mr. K. Padmanaban who were with me in all my happiness and sorrows.

I wish to thank the lab technicians of Thomas Diagnostic & Research Centre, Tiruchirappalli for all their help during this period of study.

Words are inadequate to express my gratitude to my beloved parents, Mr. V. Elango and Mrs. E. Kalaiselvi, and my dear brother Mr. E. Rajasekar, Software Engineer, Mphasis, an EDS company, Chennai, for their eternal love, constant encouragements and moral support.

I express my sincere regards to all my well wishers.

E. Ramesh
