ACKNOWLEDGEMENT

Moments of Gratefulness are Moments of Happiness. On successful completion of my work, it gives me an immense pleasure to dedicate this dissertation to THE ALMIGHTY whose blessings are always felt, and who gave me courage to overcome every hurdle faced during the preparation of my thesis. I place on record my deep sense of gratitude and thanks to God for making my life more bountiful. May your name be exalted, honored, and glorified.

My Salutations to The Almighty for whatever I am and the constant succor I derived from him through all the time.

My special thanks are to my guide, Dr. P. Brindha, M.Sc., Ph.D., E.I.M.P., Dean, Life Sciences for her guidance during my research study at Srimad Andavan arts and Science College. She was always accessible and her willing co-operation has made my research life smooth and rewarding one.

Her sincerity, punctuality, keenness, enthusiasm and motherly care which not only inspired my research thought, but also helped in overall personal development.

Her invaluable guidance, constant inspiration, untiring support and constructive criticism helped me a lot to focus my views in proper perspectives. I am grateful to her for giving me liberty to carry out my research work independently throughout the course of this programme. My deepest personal regards are due to her forever.

Dr. D. Iruthaya Arockiasamy, Ph.D., Head of Plant Biology and Biotechnology, St. Joseph College deserves special thanks as my thesis committee member and advisor.

My sincere thanks are to, Shri. N. Kasturi Rangan our Revered Secretary, Srimad Andavan Arts and Science College, for providing all possible infrastructural facilities to carry out my research work.
I owe a great deal of thankfulness to Shri. V.S. Narasimhan our Revered Former Secretary, Srimad Andavan Arts and Science College, for his constant support, constructive criticism and excellent advice during the preparation of bhasmas.

I register my sincere wholehearted thanks to the Respected Principal, Dr.K.Prema, M.Sc., Ph.D., Srimad Andavan Arts and Science College, for providing necessary lab facilities and library reference.

I place on record my deep sense of gratitude and sincere thanks to Dr. Radha M.Sc., Ph.D., for helping me in the analysis and elucidations of various physical & chemical factors of the Bhasma. Her association and acquaintance broadened my perspective on the practical aspects of my research work.

I am deeply grateful to Ms. J. Radhika M.Sc., Head of the Department of Biochemistry for her detailed and constructive comments, and for her constant support throughout this work.

I warmly thank Ms. G.Jothi M.Sc., M.Phil., Ms. M. Nivethetha M.Sc., M.Phil., Mr.G.Sridharan M.Sc., Ms.B.Saritha M.Sc.,M.Phil., Mr.S.Sriram M.Sc., M.Phil., Mr. R. Parthasarathy M.Sc., PGDHT., Ms. A. Kavitha M.Sc. M.Phil., and Ms. K. Vidhya M.Sc., M.Phil., for their co-operation throughout the study. Their extensive discussions, interesting comments and suggestions were much useful. I owe a great deal of thanks to Mr. A. David Raj D.E.I.E., D.C.S., D.H.T and Mr. D. Senthilkumar M.Sc., (Agri) for their valuable advice and friendly help.

My special and immense thanks are to Mr.R.Sivasubramanian M.Sc., M.Phil., for his thought provoking discussions, and untiring help rendered during the preparation of the thesis.

My thanks are to Mr. K.Ramesh and Ms. D.Rajeswari for their timely help and assistance.
My warm thanks are due to Ms. M. Abeetha, M.Sc., M.Phil., and Ms. K. Sathiya bama M.Sc., M.Phil., who assisted me in the preparation of bhasma. Their kind support have been of great value for my work.

I would like to thank Dr. Senthil Kumar, Professor. Department of Plant Biology and Biotechnology, St, Joseph’s College, for assisting me in my photomicrographic work.

During this work I have collaborated with many colleagues for whom I have great regard, and I wish to extend my warmest thanks to all scientists who have helped me in my work.

I also wish to thank Chemo colour lab, Sify computers and Dual net computers for their contribution in printing and preparing the thesis.

My deepest gratitude goes to my family for their unflagging love and support throughout my life; this dissertation would have been simply impossible without them. I am indebted to my father, (Late) Mr. Arumainayagam for his blessings. Although he is no longer with us, he is forever remembered. I am sure he shares our joy and happiness in the heaven. I cannot find words to thank my beloved mother Mrs. Arockiamary, who was kind enough to shower all her blessings and everlasting love which were responsible for successful fulfilling of my dream- My Ph.D thesis. I cannot forget my wife Mrs. Femila, while thanking who sacrificed many of her wishes and rendered fullest cooperation and support during my research work as well as in the preparation of my thesis and stood by my side during difficulties. My special and respectful thanks to my sister Mrs. Jeyaseeli leela for guiding me in a right path. Financial assistance for my Research work provided by my brother-in-law Mr. Rajasekaran is gracefully acknowledged.

N. AGNEL ARUL JOHN
