ACKNOWLEDGEMENT

The author wishes to place on record his deep sense of gratitude and indebtedness to Dr. V. A. Chandrasekaran, Reader, School of Earth Sciences, Bharathidasan University for the able guidance and constant, untired encouragement given by him during the entire course of this work. Author is also thankful to him for having extended painstaking helps during the tenure of this study.

Bharathidasan University is thanked for having extended administrative and other facilities during the course of this study.

Dr. S. M. Ramasamy, Professor and Head, School of Earth Sciences, Bharathidasan University is thanked for his guidance in the selection of right teacher and encouragement. Dr. A. Ganesh, Dr. M. Manivel, Dr. K. Kumara Samy and Dr. S. Aruchamy Lecturers, School of Earth Sciences, Bharathidasan University are thanked for their co-operation and encouragement. Shri. T. Punniamoorthy and other staff of School of Earth Sciences, Bharathidasan University are thanked for having extended their help and assistance for the successful completion of this work.
The author is grateful to Dr. V. Rajamani, Professor, School of Environmental Sciences, Jawaharlal Nehru University, New Delhi for having extended kind permission to do geochemical analyses of rock samples with ICP-AES under his supervision. The help rendered by Dr. S. V. Navada, Scientist, Bhabha Atomic Research Centre, Bombay (Stable isotopic analyses); Dr. Anbarasu, Scientist, Department of Geology, Delhi University, Delhi (XRD analyses); Shri V. Lakshminarayanan, Joint Director, and Shri A. Kannan, Chemistry Division, Central Control Laboratory, Pudukottai (titrimetric and flame photometric analyses of rock samples) and Dr. G. Victor Rajamanickam, professor and Head, Department of Earth Sciences and Ancient Industries, Tamil University, Tanjore (facilities to take microphotographs in his laboratory) Shri Kesavan, Tiruchy (processing of photographs) are gratefully acknowledged.

Shri Parthasarathy, Chief Geologist, Shri Subbarathinam, Geologist, Shri Swaminathan, (Late), Assistant Manager and Shri Muthaiyan, Assistant Geologist, Tancem Mines, Ariyalur; Shri Iravathi, Manager, Shri Ilangoivan, Assistant Manager, Fixit Mines, Ariyalur; Shri V. Radhakrishnan, Geologist, Tan-India Mines, Ariyalur; Shri Chandrasekran, Geologist, Alagappa Mines, Ariyalur, Shri Balakrishnan, Manager,
Viscose mines, Ariyalur and Shri. Sivashanmugam, Geologist, Terani Mines, Ariyalur are thanked for granting necessary permission to visit mine sections and collect samples.

The technical assistance, critical evaluation of the present work and related literature have been provided by Dr. K. Ayyasamy, Geologist (Sr), and Dr. Sundaram, Geological Survey of India, Dr. B. P. J. Williams, Professor, Department of Geology and Petroleum Geology, University of Aberdeen, U.K., Dr. R. L. Martino, Professor and Chairman, Department of Geology, Marshall University, Huntington, West Virginia, U.S.A., Dr. S. J. Gaffey, Professor, Department of Earth and Environmental Sciences, Rensselaer Polytechnic Institute, Troy, New York, U.S.A., Dr. Jay L. Banner, Department of Geological Sciences, The University of Texas at Austin, Texas, U.S.A., Dr. Uwe Brand, Professor, Department of Geological Sciences, Brock University, Ontario, Canada, Dr. Juske Horita, Chemistry Division, Oak Ridge National Laboratory, Tennessee, U.S.A., Dr. R. G. Walker, Professor, Department of Geology, McMaster University, Ontario, Canada, Dr. K. J. Crowley, Environmental Research Institute of Michigan, Ann Arbor, U.S.A., Dr. A. K. Guha, Professor, Department of Geology, Indian Institute of Technology, Kharagpur, Dr. A. K. Srivastava, Lecturer, Department of
Geology, Amravati University, Maharashtra, Dr. Nagaraja, Reader, Department of Geology, Bangalore University, Bangalore, Dr. Nagendra, Lecturer, Department of Geology, Anna University, Madras, Dr. S. Ramanathan, Dr. Navaneetha Krishnan and Dr. G. B. Sukumaran Professors, Department of Geology, Presidency College, Madras, Dr. B. Rukmangadha Reddy, Professor and Head (Retd), Department of Geology, Madras University, Madras, Dr. C. G. Rao, (Late) Professor and Head (Retd), Department of Geology, Jammu University, Jammu, Dr. U. B. Mallikarjun, Research Associate, Punjab University, Chandigarh, Punjab, Shri. Misra, Geologist, Oil and Natural Gas Commission of India, and Dr. M. Mohanti, Professor and Chairman, Department of Geology, Utkal University, Bhubaneshwar, Orissa. Their help is gratefully acknowledged.

It is inevitable to place on record the valuable suggestions and help extended by Dr. K. Ramamoorthy, Professor and Head, Dr. S. Sathyamoorthy, Deputy Head, Dr. P. R. Srinivasan, Selection Grade Lecturer, and other faculty members and staffs of Department of Geology, National College, Tiruchy during the entire course of this work.
Shri D. Rajagopal, Director, Brilliant's Computer Centre, Tiruchy, Shri. M. Selvaraj, Tiruchy, Mrs. S. Roslein Selvaraj, Holy Cross College, Tiruchy, Shri. S. Nazar, Star Electrical Works, Tiruchy, Shri S. Nixon Devedoss, Dindigul and Shri S. Senthappan, Bodinayakanur are thanked for their financial assistance without which presentation of final format of this thesis in time would not have happened.

The author's thanks are due to Shri. A. Arokiaraj, Computer programmer, Bharathidasan University, Br. Jagannathan, Asst. Engineer, Public Works Department, Tiruchy for data and word processing. The constant encouragement and assistance provided by fellow colleagues Shri. M. Kamaraj, Shri. S. Rajendran, Shri. M. Jacob, Shri. S. Vasudevan, Shri. N. Jawahar Raj, Shri. M. A. Paul, Shri. Balram Basmalt, Shri. K. Unnikrishnan, Shri. V. R. Haridass, and Shri. Gurunathan School of Earth Sciences, Bharathidasan University is indebtedly acknowledged. Shri. Arthur James, Research Scholar, School of Environmental Sciences, Shri. T. G. Suresh, Research Scholar, School of International Studies are thanked for their hospitality and arrangements for stay during literature
collection and chemical analysis at Jawaharlal Nehru University, New Delhi. Shri. C. Chidambaram, Shri. P. Thangavel, Shri. Y. Sankardoss, and Shri. V. Kolavannan, Security Personnel, Bharathidasan University are thanked for having extended enough facilities during compilation and drafting of the thesis.

Above all, the author wishes to thank LORD RENGANATHA by who’s courtesy this work was made possible; and by who’s consent only the above mentioned have extended their help.

M. RAMKUMAR
