ACKNOWLEDGEMENT

First of all, I thank the Lord Almighty for His historical involvements in guiding and shaping the destiny of people, in particular, bestowing me with abundant grace to add this tiny contribution to the gamut of knowledge.

I owe every aspect of the success and technical grandeur of the research to Dr. S.V. Kasmir Raja, Former Reader and Head, Department of Computer Science, St.Joseph’s College (Autonomous), Tiruchirapalli, presently Dean – Research, SRM University, Chennai, who ably guided me all through the research work. His intriguing questions, valuable suggestions, path-breaking solutions and timely interventions have led to diligent system design and meticulous deployment. Many of the refinements are the direct result of his invaluable and timely advice.

My heartfelt thanks to Dr. Elango Krishnamoorthy, Professor and Head, Department of Computer Science, Krsihna College of Engineering and Technology, Coimbatore, for his valuable suggestions during Doctoral Committee meeting and unstinted cooperation and encouragement for the successful completion of this thesis.

At the outset, I express my heartfelt thanks to Dr. E.R.Naganathan, Head, Department of Computer Science and Engineering, Alagappa University, Karaikudi, who helped a lot to carry out research and has always been a refreshing source of inspiration to me in my research work.
I would like to thank Dr. E. Ramaraj, Director, Computer Center, Alagappa University, Karaikudi, for their help and suggestions during my course of research.

I acknowledge with gratitude Rev. Dr. R. Rajarethinam, S.J., Principal, St. Joseph's College (Autonomous), Tiruchirapalli, who has provided me with all necessary facilities to carry out my research work.

I wish to express my thanks to Prof. D.S. Ravi, the Head and all the faculty members, Programmers, Lab Assistants of the Department of Computer Science, St. Joseph's College (Autonomous), Tiruchirapalli for having provided facilities and their support in carrying out this research work.

My sincere thanks are due to Mrs. A. Padmapriya, Lecturer, Department of Computer Science and Engineering, Alagappa University, Karaikudi, for her splendid cooperation and support during the course of my research activities.

I wish to express my thanks to Mrs. Sabrina Maria Nunes, EDS, Softwares, Melbourne, Australia, for her fruitful suggestions and ideas throughout this project.

Special thanks are due to Dr. D.I. George Amalarethinam, Department of Computer Science, Jamal Mohamed College (Autonomous), Tiruchirapalli, for his painstaking efforts for the submission of my synopsis.
I am grateful to my beloved father Dr. Pappu Periyanayagam, M.A., M.Phil., Ph.D., Retired Professor & Head of the Department of English, Jamal Mohamed College and to my loving mother S. Regina Mary, M.A., (Retired DCTO), who were responsible for instigating and enlightening me to pursue the path of illumination throughout my career.

I am drenched in the ardent support of my sister’s family, Mr. Ravi & Mrs. Jelciana, and their children R.Arun Isak and R.Cynthea Sherly for their silent prayers, patience and encouragement.

Finally, I am indebted to all those who have been more specially and laboriously involved in the realization of this project.

P. Herbert Raj
