ACKNOWLEDGEMENT

First of all, I thank the Almighty God, for His historical involvements in guiding and shaping the destiny of people, in particular, bestowing me with abundant grace to add this tiny contribution to the gamut of knowledge.

I owe every aspect of the success and technical grandeur of the project to Dr. R. Balasubramanian, the former HOD of the Department of Computer Science, H.H.The Rajah’s College (Autonomous), Pudukkottai who ably guided me all through the project. His intriguing questions, valuable suggestions, path-breaking solutions and timely interventions have led to diligent system design and meticulous deployment. Many of the refinements are the direct result of his invaluable and timely advice.

The commitment and motivating encouragement of the caring mentor and benevolent patron of this sesquicentennial temple of learning, Dr. C. Muthu, Reader, Department of Statistics and Informatics, St. Joseph’s College (Autonomous), Tiruchirappalli have given me all the impetus required to forge ahead with this Herculean task.

At the outset, I express my heartfelt thanks to the Vice Chancellor and the Registrar, Bharathidasan University who has given me this precious opportunity to serve in this esteemed institution, and provided me with all necessary facilities to carry out my research work.
I wish to express my appreciation to Dr. Gopinath Ganapathy, Director & Head, Department of Computer Science and Engineering, Bharathidasan University, Tiruchirappalli for his encouragement in carrying out this research work.

My heartfelt thanks to Mr. Anand Rajasekaran, Adaptime Info Systems, Chennai for his directions and counsel that were pivotal in the development of this research work. Thanks to Dr. Palanisamy, Professor & Head i/c., Department of Computer Science & Engineering, Alagappa University for his valuable insights.

My sincere thanks are due to Dr. George Dharma Prakash Raj & Prof. M. Govindaraj, Assistant Professors, Department of Computer Science, Bharathidasan University and Dr. L. Arockiam, Associate Professor, Department of Computer Science, St. Joseph’s College for their constant guidance and support. I also wish to thank the iKnow Team Mr. Antony Prabaharan, Mr. Prakash Pandian, Mr. Ganesh Kumar, Mr. Pothi Raj, Mr. Thennarasu and Mr. Neelamegan for their painstaking efforts in the development of the system.

It fills me with great joy that I can think of this work as a true fruit of friendship and love. Thanks are due to all my friends and fellow researchers. I am drenched in the ardent support of my Father, Mother, siblings, my wife Josephine and my children Cordelia and Cacérés and other beloved near and dear ones as I waded through the intricacies of this mind-boggling work. Finally, I am indebted to all those who have been more specially and laboriously involved in the realization of this project.

(K. David)
