Acknowledgements

This is a golden opportunity for me to convey my sincere gratefulness for all those people who enabled me to accomplish my thesis work successfully.

I express my genuine, deep and unbound sense of gratitude to my worthy Supervisor, Prof. B.D.Vashistha from the faculty of Botany, Kurukshetra university for the valuable guidance, innovative ideas and creative criticism which have been a guiding light to me throughout the course of my research.

I am grateful to Dr Balkar Singh for confidence inspiring attitude, constructive comments and kind co-operation.

The credit of my achievement also goes to my parents. Their unshakeable faith, support, patience and everlasting morale-boosting inspiration all along the journey helped me to proceed.

My sincere gratitude to the chairman Prof. Narender Singh and honourable faculty members for providing academic as well as laboratory facilities.

My heartfelt thanks to the non-teaching staff for providing kind co-operation to me.

I would like to gratefully acknowledge all labmates for their valuable companionship.

I am thankful to various researchers & authors whose literature was consulted and utilized gainfully.

The work done by Sh. Vivek and Sourabh Ji in typing/printing the manuscript is highly appreciated.

In the end, I am indebted to the almighty for blessing me to complete this work successfully.

To you all, thanks

(PREET RACHNA)
