ACKNOWLEDGEMENT

A thesis is an Odyssey, an adventure to an unknown destination. It follows Heisenberg's phenomenon of uncertainty like many other adventure, I was also not alone in this journey to accomplish this Herculean task. Many hands hold the oars and I learnt the truth that "No man is an island".

At the outset, I express my deep gratitude to my research supervisor Dr. M.P. Gupta, Professor and Head, School of Studies in Geography, Pt. Ravishankar Shukla University, Raipur, Chhattisgarh, who has motivated me to work in this direction and made his valuable suggestions, useful discussions, constructive criticism and generous co-operation right from the beginning of this research work till its completion.

Right from the inception of receiving knowledge from learning letters at primary higher education, I express my indebted sense to my parents, brothers and all whom I could attain this humble position, by their grace, kindness and blessings.

I am also grateful and obliged to faculty members, research scholars, lab. and office staffs and office helps of SoS in Geography, Pt. Ravishankar Shukla University, Raipur and my friends to provide
requisite facilities whatever needed and encouragement with generous co-operation till completion of my work.

I am extremely thankful to Vice Chancellor Pt.Ravishankar Shukla University, Raipur and University Grant Commission, (Pt.R.S.S.U., Raipur) for their catalytic tendency to accelerate the work till completion of the task.

I have no words to express my sense of gratitude and thanks for The Principals and Teaching and Non-teaching staffs of Government Girls College Durg and Government Nehru College Dongargarh, Distt. Rajnandgaon for their devoted co-operation during my Teacher Research Fellowship (TRF) vacation.

For accomplishing the complete task of research, I express my deep gratitude to several respectable persons, Secretary, Commissioner and Deputy Secretary Higher Education Chhattisgarh Government, and Smt.Professor Jayalaxmi Thakur, Additional Director, Chhattisgarh Government Higher Education who have provided me all possible administrative helps during this work.
I put my gratitude and thanks to all nearer and dearer of Chhattisgarh where I have completed my work and Bihar and Allahabad (U.P) where I was born and got my early and higher education along with Madhubani and Begusarai (Bihar).

How is it possible to forget blessings of my parents Late Shri Arjun Das and Mother Smt. Kamakhiya Devi and Brothers and sisters specially my elder brother Sri Janardan Prasad and others? Because If I am here it is only their blessings and what ever I get is also their blessings, I bow my proud head even to them who are in the other world and I have always believed that they are also blessing me by their soul.

I could not have assumed this work of importance without contribution of my life partner Mrs. Ruby, who at the early stage of this thesis filled me with great enthusiasm so that it reaches to its destination. To my both sons Abhinav and Abhishek who never obstructed me in any manner rather share with me during my busy hours of study and writing, they suffered painful neglect and missed the parental care.
