ACKNOWLEDGEMENTS

I would like to thank the LORD ALMIGHTY for giving the strength and showering me the blessings to complete this research work successfully.

I wish to express my deep gratitude to Dr. K. VIVEKANANDAN, my supervisor, whose unconditional encouragement, support and enthusiasm made my research work a truly enjoyable and exciting experience. He not only guided me in academic matters, but also helped me to face the challenges of life. I consider it as a privilege to come in contact with a person like him having profound knowledge and yet humble.

I owe my indebtedness to Dr. Sa. K. NARAYANADASS, Head (i/c), Department of Computer Science and Engineering, Bharathiar University, Coimbatore for his valuable suggestions during the preparation of the manuscript and for his kind permission to carry out this research work.

I wish to express my sincere thanks to Dr. V. Sengodan, Principal and Secretary, S N R Sons College (Autonomous), Coimbatore for his initiation, support, encouragement, valuable advice and guidance throughout my research work.

I express my deep sense of gratitude to the former Professor Dr. K. Sarukesi, Department of Computer Science and Engineering, Bharathiar University and the Former Lecturer Dr. R. Soodamani, Department of Computer Science and Engineering, Bharathiar University coimbatore for having given the inspiration and tremendous impact in carrying out this research work.

I would like to acknowledge the support and inspiration that I received from my Colleagues at SNR Sons College and the Faculty members, Department of Computer
Science and Engineering, Bharathiar University, especially Dr. T. Devi and Mr. M. Sunderesan for their continuous support, immense help and timely tips to go forward in tough situations.

I would like to thank the Office Staff of Department of Computer Science and Engineering, Bharathiar University Mr. A. Robert Williams, Mrs. M. Sultan Begam, Mrs. M. Petchiammal, Mrs. T. V. Anuradha, Mr. M. Thangavel, Mr. N. Suresh Maruthachalam and Mr. R. Sankaralingam for their interest shown on me whenever I approach them for any official help in the department.

I would also thank my beloved friend Mr. J. Charles for his help and constructive suggestions to complete this research work in time with constant inspiration. I also thank Dr. J. Subramani, Professor of Mathematics, for his constructive ideas and suggestions in the development of mathematical derivations. I also thank Prof. C. Muralidarakannan, HOD of English, SNR Sons College, for his instant help in making documentation of this work.

I would specially thanks my wife and children for their spiritual, emotional and moral support rendered to me without which this thesis would have not become possible. Sincere thanks to my beloved Parents, for their encouragement and moral support during my difficult periods throughout this research work. I also extend sincere thanks to my friends for their wholehearted support and timely suggestions for the completion of this thesis.
