List of Figures

1.1 Knowledge discovery process 4
2.1 Single scan mining algorithm 34
2.2 Performance evaluation for T5.13.D100K 40
2.3 Performance evaluation for T10.14.D100K 40
2.4 Performance evaluation for T15.15.D100K 41
2.5 Comparison of the best performance of the Apriori algorithm and the performance of proposed algorithm 42
3.1 Pincer search 48
3.2 Overview of the proposed approach 49
3.3 Performance evaluation 56
4.1 Frequent pattern growth tree (FPT) for the database of Table 1. 61
4.2 Modified frequent pattern growth tree 63
4.3 Association rule hiding process 65
4.4 Proposed algorithm 66
4.5 Performance evaluation 71
5.1 Performance evaluation 86
6.1 Discovering valid rules from different-sized data sources 91
6.2 Comparison between SWDS and SWNDS of method 1 107
6.3 Comparison between support equalization (Method 2) and SWDS (Method 1) 107
