ACKNOWLEDGEMENT

The real spirit of achieving a goal is through the way of excellence and austere discipline for which at first I render my gratitude to the ALMIGHTY who bestowed self-confidence, ability and strength in me to complete this work. Without his grace this would never come to be today’s reality.

I would not exaggerate if I confess that, the last 4 years of research work on Embedded Technology have left some inedible marks upon me. For this, with deep sense of gratitude I express my sincere thanks to my esteemed and worthy guides Dr. K. C Sarma, Professor, Department of Instrumentation & USIC Gauhati University and Dr. T. Bezboruah, Associate Professor, Department of Electronics & Communication Technology, Gauhati University for their valuable guidance in carrying out this work under their effective supervision, encouragement, enlightenment and cooperation. Most of the novel ideas and solutions found in this thesis are the result of our numerous stimulating discussions. Their feedback and editorial comments were also invaluable for writing this thesis.

I shall be failing in my duties if I do not express my deep sense of gratitude towards Mr. J. S. Saggu, Director, TICO Institute of Embedded Learning, Delhi who is a constant source of inspiration for me throughout this work.

I would also like to convey my gratitude to Dr. P. Phukan, Associate Professor, Department of Chemistry, Gauhati University and Dr. P.C. Tamuly, Ex Scientist-G, North East Institute of Science & Technology for their kind suggestions and enlightening discussions.

I am also thankful to Mr. S. Baruah, Assistant Professor, Department of MCA, Jorhat Engineering College, Jorhat for his co-operation rendered to me throughout.

I would also like to thank Mitashree Kalita, research scholar and Jayanta Handique, a UGC teacher fellow, Istrumentation and Informatics Research Laboratory, Department of Electronics and Communication Technology, Gauhati University who helped me a lot in carrying out the statistical analysis of the data.

I have the pleasure to thank Gautam Sharmah, Subhash Rajbongshi, and N.Monoranjan Singh for their help and cooperation towards the completion of my work.
I also render my gratitude to all the staff members of Department of Instrumentation & USIC, Gauhati University and Department of Electronics & Communication Technology, Gauhati University for their time to time co-operation.

My greatest thanks are to all who wished me success and helped me directly and indirectly in completion of my thesis.

(Amarjyoti Goswami)
