A research work needs constructive suggestions and advice, help and cooperation from the people associated with the work for its successful completion. Here, I would like to take the opportunity to express my thanks and gratitude to all those who have made the completion of this work possible.

I express my humble sentiments and deep sense of gratitude to my guide Prof N N Sharma, Retired Professor, Department of Library and Information Science, Gauhati University for patiently supervising me, and always guiding me in the right direction. His encouragements, personal and professional guidance, help and immense support throughout this work has lead to the successful completion of this research work. It is not possible to express my feelings in words for the support put forth by my husband- Dr Deb Kr Boruah, in spite of his busy professional life. I am thankful to my daughter Anubhadipta for being internal source of inspiration for me and sparing me knowingly or unknowingly to complete my work. I am deeply grateful to my beloved mother for her abundant support, motivation and blessings which cannot be expressed in words. I owe my work to my father who was my strength and my inspiration. His belief on me inspired me at every step of my life.

Sometimes, words fail to express the feelings and gratitude, I feel indebted to all those who directly or indirectly helped me in this research work.
