ACKNOWLEDGEMENT

It is a great privilege to convey my sincere gratitude to my respected teacher and guide Prof. (Mrs) Sabitry Choudhury Bordoloi, Professor, Life Sciences Division, IASST, Guwahati, for her invaluable guidance at every stage of my work. The encouragement and enlightenment received from her will be a constant source of inspiration throughout my life.

I take this opportunity to express my deep sense of gratitude to Professor Narayan Chandra Talukdar, Director, Institute of Advanced Study in Science and Technology, Paschim Boragaon, Guwahati for providing me the necessary infrastructural facility.

I would like to express my gratitude to prof. Karabi Dutta, the Head, Department of Zoology, Guwahati University, for her help and encouragement.

I take this opportunity to express my sincere thanks to Dr. Sarat Kumar Dutta, Principal, Dhing College, for guiding me throughout the period and helping me in many different ways.

I offer my sincere thanks to my research colleagues Dr. Budhadev Basumatary, Sri. Mrinal Kumar Das and Miss Sonali Borpatra Gohain for their wholehearted support in preparation of this thesis.

I take this opportunity to thank all my colleagues in Dhing College for giving me company in this journey. Special mention may be made of Dr. (Mrs) Luna Phukan, Head, Department of Zoology, Dhing College. Dr. (Mrs) Purnima Das Bora and Dr. Ramesh Nath, for their kind and valuable suggestions. I specially thank to Sri. Kartik Das for his help during my experimental work.

Lastly my earnest thanks to my family who have supported this endeavour through deeds and prayers. This work would not have been possible without the blessings of my father Sri. Upendra Chandra Das, my late mother, Uma Das. I received constant support of my elder brother Sri. Utpal Das and my wife Mrs. Bipasa Das. Lastly I acknowledge my children Ms Uditi and Master Uddipta as they were really supportive.
