LIST OF TABLES

Table 4.1: Demographic Profile of Respondents showing various parameters 87
Table 4.2: Effect of Different Income Profiles on the Respondents 88
Table 4.3: Analysis of (Sub-Groups) various indicators on respondents 89
Table 4.4: OLS Results dependent variable: Ability to make small purchases. 92
Table 4.5: OLS Results dependent variable: Involved in decision to make large purchases. 93
Table 4.6: OLS Results dependent variable: Involved in decision to work outside the home. 94
Table 4.7: OLS Results dependent variable: Involved in decision on how many children to have. 95
Table 4.8: OLS Results dependent variable: Involved in decision to buy or sell property. 96
Table 4.9: OLS Results dependent variable: Involved in decision to send children to school 97
Table 4.10: OLS Results dependent variable: Landownership in own name 98
Table 4.11: OLS Results dependent variable: Personally own property and/or valuables 99
Table 4.12: OLS Results dependent variable: Own independent savings 100
Table 4.13: OLS Results dependent variable: Comfortable giving opinion in the presence of husband 101
Table 4.14: OLS Results dependent variable: Village people listen to ideas and opinions 102
Table 4.15: OLS Results dependent variable: Comfortable going to the local market without asking for permission 103
| Table 4.16: | OLS Results dependent variable: Comfortable going to the neighborhood village without asking for permission |
| Table 4.17: | First stage regressions, Household Landownership as potential instrument / dependent Variable: Microcredit borrower |
| Table 4.18: | First stage regressions, Distance to Branch office as potential instrument/dependent variable: Microcredit borrower |
| Table 4.19: | Summary of the expected impacts on Empowerment |
| Table 5.1: | OLS Results dependent variable: Empowerment index |
