

ACKNOWLEDGEMENTS

I take the privilege of expressing my profound sense of gratitude and deepest sense of indebtedness to Professor Naba Kishore Mohapatra, Ex-Chairman, Council of Higher Secondary Education, Bhubaneswar, under whose supervision and direction this investigation was carried out in Shaillabala Women's College Laboratory during 1980-1986.

Equally, I express my deep sense of gratitude to Dr.Y.S. Rao, Senior Scientist (Nematology), Central Rice Research Institute, Cuttack 753006, for many valuable discussions and suggestions at every stage of my work and without whose constructive criticisms and valuable guidance this work would not have been completed.

I am grateful to Dr.J.S. Prasad, Nematologist, CRRI, Cuttack for helpful suggestions during the course of the work.

I am also thankful to Sri S.N. Rawlo and Sri A.V. Suriya Rao for statistical analysis and Dr.R. Sridhar for conducting physiological experiments.

I will be failing in my duty if I do not acknowledge Mrs. Sukalyani Behera, Reader in Zoology, S.B.W. College, Cuttack for the kind cooperation and help during my work.

I wish to place on record my appreciation for the help extended by Dr.(Miss) Tasneem Sultana and other staff of Department of Zoology, S.B.W. College, Cuttack.

I am indebted to the authorities of CRRI for extending library and laboratory facilities and also authorities of Ravenshaw College for extending laboratory facilities and to Miss. Basanti Pattanayak, Reader in Botany, S.B.W. College for biochemical studies.

I am also grateful to Mrs. Nilima Mishra, Principal, S.B.W. College, Cuttack for permitting me to carry out this programme in the Department of Zoology, S.B.W. College, Cuttack.

Lastly, I express my sincere compliments to my family for pains they have taken in my absence during research.

Zoology Department
S.B.W. College, Cuttack
