LIST OF PUBLICATIONS

   Source-sink relationship at the post flowering of rices
   under low light stress.

   Influence of low light stress on rice.
   In: Proceedings of the National Seminar on Strategies in
   Physiological Regulation of Plant Productivity by Indian

   Influence of varying light intensities on yield and yield
   components of rice plant types.
   Oryza 27(1). pp. 90-93.

   Response of rice (Oryza sativa) varieties to light stress at
   different levels of nitrogen.
   Indian J. Agric. Science. 60(12): pp. 796-800
