Acknowledgement

It is a matter of great pleasure and pride for me to express my deep sense of gratitude and indebtedness to Dr. M.G. Gupta, Principal Scientist & Incharge Biotechnology Section, Division of Crop Improvement, Indian grassland, Fodder and Agroforestry Research Institute, Jhansi (U.P.) for his inspiring and erudite guidance, constructive criticism and constant encouragement as well as extending all kinds of support for conducting the present investigation and preparation of this manuscript, without which it would not have been possible to complete this thesis.

I am highly grateful to Dr. P.S. Pathak, Director I.G.F.A.R.I. Jhansi (U.P.) for providing necessary facilities during the course of the experimentation.

I am also grateful to Dr. R.N. Choubey, Head, Crop Improvement Division and Dr. S.N. Zadoo, Ex-head of the Division for extending facilities of the Division and constant encouragement.

It is my sincere duty to express my heart felt gratefulness and indebtedness to Drs. Vishnu Bhat, V.B. Bhat, Sanjay Gupta and Suresh Kumar, Scientists of Division of Crop Improvement, I.G.F.A.R.I. Jhansi, for their undefined support, inspiration, valuable suggestions and moral support during the entire period of this work. All of them were, in fact, remained a great source of learning and affection to me.

I am also thankful to Dr. Sultan Singh, Scientist, Animal Nutrition, PAR Division I.G.F.A.R.I. Jhansi for his help in quality analysis.

I sincerely appreciate and acknowledge the help rendered by my laboratory colleagues Mr. K.K. Dwivedi and Mrs. Anupama Agarawal during my thesis work.

I also thank Shri. Munna Lalji and Shri Puranji for their help from time to time.
The whole credit for completion of this work goes to my loving father Mr. Mahesh Chandra Jain and my mother Mrs. Kiran Jain who constantly stood beside me, both for financial and moral support.

It is my personal privilege to express my cordial thanks to my husband Mr. Rajesh Jain for his unbound cooperation and constant encouragement extended to me. He has been undoubtedly a key person behind successful completion of this piece of research work.

I expresss my sincere thanks and gratefulness to my respected parent- in- laws. Shri Kewal chandra Jain and Smt. Anguri Jain and Bhaiya and Bhabhi and Somesh bhaiya for rendering encouragement and moral support throughout this work.

At this moment I can’t forget my brother Mr. Amit Jain and my beloved sisters. Mrs. Deepti Madvaiya and Mrs. Neelima Jain and my brother-in-laws. Mr. Ravi Madvaiya and Mr. Raj Jain. who have always been dreaming for my higher education.

Jhansi
