

## ACKNOWLEDGEMENTS

I wish to express my deep sense of gratitude and indebtedness to Dr. R.N. Kar, Scientist, Regional Research Laboratory, Bhubaneswar, for his constant help, guidance and inspiration throughout the investigation. I am grateful to Mr. L.B. Sukla, Scientist, Regional Research Laboratory, Bhubaneswar, for his constant help, support, encouragement, guidance, without which the work may not have come to this stage.

I am thankful to Dr. (Mrs.) Irena Twardoska, Scientist, Institute of Environmental Engineering, Polish Academy of Sciences, Poland, for her valuable suggestions during preparation of this thesis and also for providing the coal sample from Libiaz, Poland.

I am obliged to Prof. H.S. Ray, Director, and Dr. R.P. Das, Head, Hydro & Electrometallurgy, Division, Regional Research Laboratory, Bhubaneswar, for their advices and suggestions. I am thankful to Mr. J.R. Sahu, Head, Information and Planning, Regional Research Laboratory, for his permission to utilise the library and computer facilities.

I am grateful to Dr. G. Roy Chaudhury, Scientist, for his valuable suggestions during the course of this work.

I would like to express my sincere thanks to Dr. Ananthapadmanabhan, Scientist, Institute of Microbial Technology, Chandigarh, for identifying the microorganism, *Penicillium citrinum* used for my work. Also, Mr. Samir Ku. Nath, Junior Technical Assistant, Institute of Microbial Technology, Chandigarh deserves special mention for helping me for literature collection.

My due acknowledgements to Mr. M.C. Bora, Area Manager, North Eastern Coalfields, Assam for providing me the coal sample for my experimental work. Also, I

wish to thank Dr. K.S. Narasimhan, Director, Central Fuel Research Institute, for providing me lignite sample for my work.

I am thankful to Mr. G.V. Rao, Scientist, Regional Research Laboratory, Bhubaneswar, for extending his kind help in beneficiation studies of coal. I am obliged to Mr. S.K. Mishra and Dr. B.C. Acharya, Scientists, for helping me in microscopic studies of the different coal samples. Dr. B.S. Acharya, Scientist, RRL, Bhubaneswar is acknowledged for his kind support in XRD analysis. Also Mr. S. Shom, Geologist, Geological Survey of India, Calcutta, is duly acknowledged for his help in XRD analysis. I wish to thank Mr. B.N. Sahoo for AAS analysis. I am grateful to Dr. P.K. Debata, Scientist, RRL, for helping me in microscopic studies of microorganisms required for my thesis work.

I would like to express my sincere thanks to Ms. Trupti Das, Ms. S.P. Mishra, Dr. P.K. Naik, Ms. P. Rekha, Ms. Lipika Pattnaik, Mr. C. Parija, and Mr. M. Samal, for their kind cooperation and valuable help. I am grateful to all members of Hydro & Electrometallurgy, for their co-operation.

I am very thankful to Mr. N.K. Parida, Senior Stenographer, Regional Research Laboratory, for helping me in preparation of the manuscript. Also, the help extended by Mr. A. Mohanty, Mr. Krishna and Mr. D.K. Tudu regarding the same, is duly acknowledged.

I am obliged to CSIR for providing me a Senior Research Fellowship. Above all, I am extremely thankful to all my family members for their love, support and encouragement throughout the investigation, without which this work may not have come to the present stage.
