

A. G. R. O. I. A. P. D. D. G. E. M. T. N. I.

This research has been undertaken and completed under the guidance of Dr. G. C. Ray, M.A. (Allahabad), Ph.D., Reader, P.G. Department of Applied Geography, Ravenshaw College, Cuttack. He had immensely helped the researcher at all stages of research. The researcher expresses his deep sense of gratitude to his esteemed guide.

The researcher conveys his thanks to Ministry of Welfare (T.D. Division), Govt. of India for financial grant in conducting this research.

The researcher owes his heartfelt gratitude to Dr. V. V. Shastri, Head, Department of Research and Innovation, Radhanath I.A.S.E., Cuttack for his constructive criticism and timely caution to present the thesis in its final form. The researcher also gratefully acknowledges the unflinching help he has received from Prof. (Dr.) B. N. Sinha, an eminent geographer of India, to plan the research activities properly.

Dr. M. L. Bose, Jt. Director of Health (Retd.), Orissa, Dr. G. C. Sahu, M.B.B.S., Mr. J. P. Rout, Research Officer, THRTI, Bhubaneswar and Mr. N. Bala of Directorate of Health, Orissa have helped the researcher to collect the data from various sources. The researcher owes his sincere gratitude to all of them.

The researcher conveys his sincere thanks to Ms. Gayatri Pradhan, Research Scholar, Radhanath I.A.S.E., Cuttack for her unflinching help at all stages of research. Mr. Sapan Kumar Jena, Lecturer in English and Mr. Damodar Satapathy have corrected the typographical errors in the manuscript. The researcher conveys his thanks to both of them.

The researcher is highly indebted to Dr. (Mrs.) Bharati Mohapatra, Senior Lecturer, Radhanath I.A.S.E., Dr. Sudhansu Ku. Mohanty, Lecturer in Geography, Mr. Niranjana Dash, Lecturer in Geography and Dr. Umakanta Khuntia, Lecturer in Statistics of Ravenshaw College, Cuttack and Mr. Dillip Ku. Sahu, Lecturer in Geography, B.J.B. College, Bhubaneswar for their kind help and suggestions to improve the quality of the thesis.

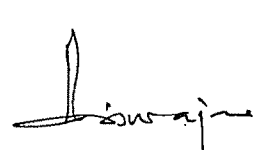

The researcher conveys his thanks to the C.D.M.Os of Sundargarh, Mayurbhanj and Keonjhar and the doctors of these three districts for making available to him the relevant data. Mr. Kailash Ch. Das has carefully translated the manuscript into type script. The researcher conveys his sincere thanks to him. The researcher is also grateful to several

(iii)

librarians and statisticians for their co-operation in searching out the relevant literatures, documents and data.

Lastly, the researcher is extremely grateful to his parents for their constant encouragement and inspiration to conduct the research.

In spite of all the helps that the researcher has received from various sources, any omission or mistake in the thesis, if detected may be attributed to the researcher and for which, he alone should be held responsible.
