ACKNOWLEDGEMENT

First of all I bow down at Lotus feet of “Sri Vighneswara Swamy, Goddess Saraswathi, Sri Venkateswara swamy” and pray, to enable me to persist always the strong belief of devotion and determination that anything incomprehensible on this holy earth is comprehensible through the spirit of co-operation, goodwill and hard work.

In the Hindu Mythology guru is omniscient, therefore, I bow to my respected guru (Guide & Supervisior). It is with immense pleasure I express my indebtedness and sincere thanks to my research guide Assistant Professor Dr. Y.SUNEETHA, Department of Zoology, Srivenkatrswara university, Tirupathi, as intellectual capacity, and great as her moral need a duty from the performance of which shall emanate an influence not limited to the now and the here, but which surely will, as time flows into eternity and space into infinity, roll up, a measureless for leading, encouragement and guidance throughout the course of the investigation.

I am thankful to Prof. P. SREENIVASULA REDDY who is apart in this research work being fruitful discussions and giving valuable suggestions althrough the research working period.

I pay my indebted thanks to Prof. P. SREEDHAR REDDY as shared his excellence co operation which is crucial to the work likewise providing fascilities of SEM images and histopathology and constant moral advices through superfacing of my supervisor.
I pray to my beloved parents Asst. Prof. Sri KOTA SYAMASUNDARA RAO and Smt. SYAMALA for they initiated quest for higher learning and providing the intellectual support in pursuing the research work.

I pay my deep gratitude to my Grand parents Smt&Sri APPALA SWAMY,RATNALAMMA and sahityaratna Smt&Sri G.RAMARAO,APPALA NARSAMMA blessed me throughought my life to success in the life.

I am mostly thankful to my Uncle and aunt Smt&Sri B.RAMA RAO and SANTHA who shared me their love and affection which they helps in my success.
