ACKNOWLEDGEMENT

I wish to express my deep sense of gratitude to my research guide, the distinguished and renowned malacologist Professor U.H. Mane, Department of Zoology, Dr. Babasaheb Ambedkar Marathwada University, Aurangabad. Words are inadequate to express my thanks to him who inspired the passion in me for work. It is really my pleasure and privilege to work under such international personality with vast experience. I am always remain indebted to his competent capacity to design the experiments, tireless efforts of observations and constructive criticism which were highly stimulative. I honestly appreciate his nobility, demureness and parently affection always encouraged, whenever the task seemed to be fugitive.

I am thankful to Professor and Head, Department of Zoology, Dr. Babasaheb Ambedkar Marathwada University, Aurangabad for providing the necessary research facilities in the course of this work.

I would like to take this opportunity to thank Chairman, Secretary and members of Management of the Pravara Rural Education Society, Pravaranagar, Principal, and Head, Department of Zoology, Padmashri Vikhe Patil College, Pravaranagar, for their valuable co-operation and providing the facilities in carrying out some of these investigations in the laboratories.
I also thanks to Education Officer, University Grants Commission, Western Regional Office, Pune, for award of Teacher Fellowship under FDP during 9th Plan period to me.

Thanks are also extended to Mr. S.K. Aher, Head, Department of Zoology, New Arts, Commerce and Science College, Ahmednagar, Dr. A.K. Pandarkar, Dr. Satish Patil, Department of Environmental science, Dr. Babasaheb Ambedkar Marathwada University, Aurangabad, Dr. A.N. Shendge, T.C. College, Baramati, Dist. Pune, Dr. E.R. Martin, Ahmednagar College, Ahmednagar and my staff colleagues Dr. R.P. Patil, Mr. R.R. Chug, Mr. P.B. Danve, Dr. B.A. Pokale, Dr. A.J. Dhembare, Mr. D.G. Bhalsingh, Mr. R.S. Tambe, and Mr. D.S. Tambe for their valuable suggestions, helpful comments and constructive criticism.

It is my foremost privilage to express my deep sense of gratitude to all my well wishers and those who have helped me during the course of my research work. I am aware of the great debt. I owe them for the part they have all played and are still playing in the uplifting of my career.

It is my pleasure to thanks my research colleagues Mr. Ganesh Suryawanshi, Mr. Rahul Pandit, Miss Sangeeta Dongare, Miss Shivkanta Pidgewar, Mr. Anil Kurhe and my friends Dr. M.D. Shinde, Mr. G.R. Pandhare, Mr. S.S. Pandit, Mr. D.G. Thorat and Mr. A.D. Varat, who shared a lot during the criitical time of the work.
I wish to express my special appreciations to my parents Shri Anandrao Pawar and Mrs. Zumbarabai Pawar for their spiritual encouragement to achieve this target in my carrier. I also express my sincere gratitude to my brother Subhash and Popat and sister Indumati.

I would like to express my deep appreciation to my wife Mrs. Anusaya and my kids Vivek and Swetha for their understanding, inspiration and patience throughout the tenure of this work.

I wish to thank Mr. A.S. Nikam for valuable suggestions, Mr. B.S. Dhokane for preparing the photomicrographs with great patience and skill in time and Mr. Deepak Nikam, Satya Computers for metticulus typing of the thesis.

Department of Zoology
P.V.P. College, Pravaranagar, Tq. Rahata, Dist. Ahmednagar

( B.A. Pawar)
