ACKNOWLEDGMENTS

I take this opportunity to record my deep sense of gratitude to Dr. R.A. Bhobe, M.Sc., Ph.D., Reader, Department of Chemistry, Marathwada University, for his valuable guidance throughout the progress of the work and in the preparation of this thesis.

I wish to thank Dr. D.D. Khanolkar, M.Sc., Ph.D., D.I.C., F.R.I.C. (Lond), Senior Professor and Head, Department of Chemistry, Marathwada University, for his keen interest, constant encouragement during the work and for his valuable suggestions while preparing the thesis.

I am very much grateful to Dr. D.G. Dhuley, M.Sc., Ph.D., Lecturer, Department of Chemistry, Marathwada University, for his continued interest and helpful suggestions during the progress of the work. I had valuable consultations with him. My thanks are also due to Dr. D.V. Jahagirdar, M.Sc., Ph.D., Reader, Department of Chemistry, for his help.

This work was undertaken during the tenure of Jr. Research Fellowship awarded to me by the Marathwada University. I express my sincere appreciation of the financial assistance given to me.

I would like to mention my sincere thanks to my teachers and colleagues in the Department for their continued interest and constant encouragement.

Lastly, the assistance of Mr. V.M. Cherian of this Department in typing the thesis is also gratefully acknowledged.

(R.G. BIDKAR)
