

### ACKNOWLEDGEMENT

I express my deep sense of gratitude to Dr. K. S. Murty, Head of the Division of Physiology, Central Rice Research Institute, Cuttack-6, under whose valuable guidance, advice and help the present investigations were carried out and submitted in this form.

I am indebted to Dr. S. Y. Padmanabhan, Director, Central Rice Research Institute, Cuttack, for providing necessary facilities and for constant encouragement during the course of the work and at the time of writing the thesis. I am grateful to Dr. S. Patnaik, Head of the Division of Crops and Soils, Central Rice Research Institute, Cuttack for his valuable suggestions for improvement of the text.

My thanks are also due to Dr. Gopinath Sahu, Assistant Plant Physiologist, Mr. Stephen V. Rai, Senior Research Fellow and other colleagues in the Department and to all the friends of the Institute for their untiring assistance and encouragement in completing the thesis.
