ACKNOWLEDGEMENT

I have the great pleasure in expressing my deep sense of gratitude to Dr. T.K. Sharma, Senior Lecturer, Bipin Bihari Post Graduate College, Jhansi and my Guide, for valuable suggestion, inspiring guidance, constructive criticism and painstaking efforts under which could carry out the present investigation.

With the great privilege I place on record my heartfelt gratitude and unforgettable personal indebtedness to Dr. S.K. Mishra, Head, Germplasm Evaluation Division, NBPGR, New Delhi and my Co-guide, for his worthy guidance, constant encouragement, personal attention, immense patience and untiring help and parental support throughout the period of investigation and preparation of this manuscript. I am sure, without his help it would have been impossible for me to complete this venture successfully.

With great pleasure, I express my heartiest and esteem sense of gratitude to Dr. Udai Pal Singh, Principal, Bipin Bihari, P.G. College, Jhansi, for giving new dimensions to the present investigation.

I am deeply indebted to Dr. M.C. Kanchan, Head, Department of Botany and Microbiology, Bipin Bihari, P.G. College, Jhansi, for his constant support, valuable suggestion and timely help when ever required during my period of investigations.

I wish to place on record my sincere thanks to Mr. Daya Chand Ji, Technical Officer T-6, Division of Genetics, IARI, New Delhi for providing me the research material, suggestion in respect of field works of my present study.

My sincere thanks to Dr. B.B. Singh, Head, Division of Genetics and Dr. R.D. Singh, Professor, Division of Genetics for kindly allowing me to use all the facilities in the Division.

My cordial thanks are due to Dr. Yogesh Kumar Tiwari, Research Associate, Directorate of Maize, Research, IARI, New Delhi for help in recording necessary observation in field experiments successfully.
My heartfelt thanks are due to Dr. Ramesh Sapra, Senior Scientist, Division of Genetics, and Dr. Harsh Dixit, Scientist, Division of Genetics, IARI, New Delhi for their kind help in data analysis.

I would be always thankful to my friend Mr. Gyan, Ph.D. Student, Division of Genetics, IARI, New Delhi, for his timely help whenever required, encouragement and support in molecular work.

I express my sincere gratitude to Dr. D.P. Mishra, Dr. J. Tripathi, Dr. S.R. Gupta, M.Z. Siddiqui and Dr. M.M. Pandey for their help and encouragement which immensely supported me.

Thanks are also due to my lab colleagues Rakesh, Rajeev, Shoraj Singh, Sandeep Dhama and Shailendra for rendering much needed help and making the hard working hours comfortable with their company.

I duly acknowledge the kind help and ready co-operation received from Vijay Shukla, Dr. D.C. Choudhary, Mr. Khalil Ahmed and Mr. Dharam Pal.

With great fruition I wish to acknowledge the help and affection showered on me by my friends like Seemy, Hema, Anita, Adita, Prachi, Harshita, Yogendra, Arvind, Rahul, Dharmendra and Sanjay.

I derived great pleasure in sharing the moments with Miss Jaya Srivastava, who was always instrumental providing my logistics in Jhansi which enabled me to complete my research work in time.

I wish to place on record the name of friend away from me but remembered always is Priti.

I shall fail in my duties if I do not express my gratefulness to my elder brother, Mr. P.K. Singh, who provided moral and financial support and encouragement for this work.

No wealth of words is sufficient to express my feelings towards my beloved parents Shri B.D. Singh and Smt. Tara Singh, whose constant inspiration, affection and support made it possible for me to complete this endeavor.

I am also grateful to my other family members viz., Sis. Smt. Bandan, Smt. Ranjana, Smt. Sadhana; and Jiju Dr. Birendra, Er. Shashi and Dr. Manoj for providing moral support and creating congenial and humourous environment.
A word of appreciation goes to the team of Arun Thesis, Patel Chest, New Delhi.

My special thanks to Sunil and Unmesh who gave me a lot of pleasure at the time of typing the thesis.

Lastly, but not the least, I am grateful to other unlisted several other persons who were directly and indirectly involved in supporting me for carrying on this work.

February, 2006
