CHAPTER 1

INTRODUCTION

1.1 Problem statement ................................................................. 5
1.2 Introduction to defence industry .............................................. 6
1.3 Defence manufacturing companies in Bangalore ....................... 9
    1.3.1 Defence CPSEs ................................................................. 9
    1.3.2 Private companies .......................................................... 14

CHAPTER 2

LITERATURE REVIEW

2.1 Concept of Literature review .................................................. 17
2.2 Concept of work-family balance ............................................. 17
    2.2.1 History of work-family balance in India ......................... 19
    2.2.2 Defining Work-Family Balance ................................. 20
    2.2.3 Components of Work-Family Balance ..................... 24
    2.2.4 Constitution of “Good” Work-Family Balance .......... 25
    2.2.5 Factors contributing to evolution of work-family imbalance ...... 25
    2.2.6 Work-family balance across different occupation ........ 28
    2.2.7 Status of work-family balance in Indian scenario .......... 29
    2.2.8 Study of Working Hours and Additional Working Hours ...... 29
    2.2.9 Non-standard working arrangements ....................... 32
2.3 Relationship between Commuting and Work-Family Balance .......... 33
2.4 Work-Family Conflict .......................................................... 34
    2.4.1 Types of conflict ......................................................... 36
    2.4.2 Sources of conflict ....................................................... 37
    2.4.3 Outcomes of conflict .................................................. 40
    2.4.4 Work-family conflict management ........................... 42
CHAPTER 3

RESEARCH METHODOLOGY

3.1 Introduction ............................................................................. 69
3.2 Problem statement ................................................................. 69
3.3 Objectives of the study ........................................................... 70
3.4 Theoretical background and hypothesis ............................... 71
3.5 Methodology ........................................................................... 84
    3.5.1 Participants and procedure .............................................. 84
    3.5.2 Quantitative approach ..................................................... 84
    3.5.3 Statistical method ......................................................... 90
    3.5.4 Pilot study ................................................................. 91
    3.5.5 Population, Sample, Sample size and Method of sampling .... 91
3.6 Scope of the study .................................................................... 93
3.7 Limitations of the study ......................................................... 93
3.8 Practical implications ............................................................. 94

CHAPTER 4

RESULTS

4.1 Sample description ............................................................... 96
4.2 Hypothesis 1: Variation of WFB as per life-stage and total experience

4.2.1 Variables

4.2.2 Proposed model

4.2.3 Measures

4.2.4 Statistical method used

4.2.5 Estimated results and discussion

4.3 Hypothesis 2: Commuting time impacts work or personal arenas

4.3.1 Variables

4.3.2 Proposed model

4.3.3 Measures

4.3.4 Estimated results and discussion

4.4 Hypothesis 3: Work-family conflict (WFC) is more prevalent than Family-work conflict (FWC) among the officers.

4.4.1 Variables

4.4.2 Proposed model

4.4.3 Measures

4.4.4 Estimated results and discussion

4.5 Hypothesis 4: Internal locus of control is positively related to work-family balance.

4.5.1 Variables

4.5.2 Proposed model

4.5.3 Measures

4.5.4 Estimated results and discussion

4.6 Overall findings of the study
CHAPTER 5
DISCUSSION, CONCLUSION AND RECOMMENDATIONS

5.1 Discussion and conclusion.................................................................167
5.2 Recommendations...........................................................................174
5.3 Future research..............................................................................175
