Acknowledgement

I started my research career for goodwill of human being but no such work can be done alone it requires the contribution of a number of people. I wish to thank to all who help me in completing my thesis work.

I would like to express my deep sense of gratitude to my Ph.D. supervisor Dr. Ashish Arora, Scientist, Molecular and Structural Biology Division, CSIR-CDRI, Lucknow for providing me an opportunity to pursue Ph.D. under his guidance. His words to complete a task with your soul and full dedication always act as energy source for completing the assignments. He is a source of inspiration, Knowledge, wisdom and motivation. His scientific approach and valuable suggestion always help me to overcome from my research problem. I am thankful to him for his constant support and encouragement during my Ph.D. tenure.

I would like to thank Dr. TK Chakraborti, Director, CSIR-CDRI and Dr. Saman Habib, scientist-in-charge (HOD) of MSB Division, for providing facilities for my research work. Financial assistance provided by UGC as Junior Research Fellowship and Senior Research Fellowship is highly acknowledged.

I am grateful to my collaborator Prof. T.P. Singh. His way of working and passion to the science is a source of inspiration for new comers. He helps me a lot in learning X-ray crystallography and analysis of protein structures. It has been an honour to work with him.

I am thankful to Dr. Sujata Sharma for providing me her lab to set up crystallography experiment and helping me in preparation of my research manuscript. I am very thankful to Dr. Nagendra Singh who taught me the basics of X-ray crystallography and helps me in solving the structures of Pth protein.
I would also like to thank scientific staff of MSB Division for their constructive criticism, valuable discussions and suggestions throughout the studies. Many thanks to doctors C.M. Gupta, former Director CDRI, Late Dr. Vinod Bhakuni, Dr. PR Maulik, Dr. Jimut Ghosh, Dr. Ravishankar R, Dr. MI Siddiqui, Dr. Amogh A Sahasrabuddhe, Dr. Sohail Akhtar, Dr. JV Pratap, Dr. Shakil Ahmed, Dr. Tajendra and Dr. D. Banerjee. Every interaction with them brought a smile to my face. JP Srivastava Ji, Rajan ji, Khulve Ji, Radhey Shyam Ji and Ruchir Kant are thanked for their assistance with all types of technical problems at all times.

Many thanks goes to all the research scholars of the division and outside the division for their help during my work and group discussions on wide range of topics. The journey of life becomes joyous in the presence of such friends- Abrar Ahmad, Sumit, Saurabh, Sarfuddin, Saurabh Sinha, Ravindra Yadav, Suresh Rohilla, Bhupendra Singh Dahiya, Sudheer, Deepak, Jitendra, Abdul Malik, Mradul, Zaheer, Rabbani, Tarun chaudhory, Anuj Yadav, Anuj Tripathi, Vinod kumar and Satish Sharma.

I am thankful to my seniors and colleagues Anupam, Ramakrishna, Anjum, Prem, Rahul, Sarita, Shubhra, Vaibhav, Ashish, Himanshu, Salman, Meera and Diva for maintaining cordial atmosphere and extending me timely help, constructive suggestion and friendly cooperation at various stages of my life. I am thankful to trainees Rafiq, Anita, Pankaj, Nidhi, Deepa, Saumya, shilpi, Tejashvita, Richa, Prerna, Neha, Nisha and Divya for their assistance in lab work.

I specially thanks to Anupam who guided me in maintaining and caring of various lab instruments.

I would like to acknowledge the staff and lab members of AIIMS, New Delhi for helping and providing me a cordial atmosphere. I thanks to Asha Bhushan, Amit, Pradeep, Sanjit, Gajraj, Sanket, Jitesh, Neeraj, lovely, Avinash, Prakash, Baby
Santosh, Vikas, Prem Kumar, Kalpnath, Prashant and Subhash who help me in my stay and provided me a good scientific research environment.

Finally, I wish to thank my family, I am forever indebted to my Parents, whose prayers and blessings heal me number of times during this journey. I especially thanks to my elder brother Brijbhushan who sacrifice a lot for my study and always stand with me emotionally and help me during my whole research. I am thankful to my Bhabhi who take care of me as her son when I visit home in vacations. The movements with Amit my younger brother and my nephew Aryan Dev are always memorable.

At last I would like to acknowledge Neelam Satija who realize me the true love, the truth of life and make me to believe in myself. I want to say you that I will keep my promises.

No task can be accomplished without the help and blessings of God. It is the grace of Almighty that I have successfully completed my Ph.D. thesis work.
