ACKNOWLEDGEMENT

It gives me an immense pleasure to express my heart-felt indebtedness to my Research Supervisor Prof. (Mrs.) V. Padmavathi, Department of Chemistry, Sri Venkateswara University, Tirupati, for her meticulous guidance, encouragement, affectionate care, inspiring discussions and valuable suggestions to complete this work with confidence. I will ever remain grateful for her timely decisions, wise counsel and unfailing attention.

I would like to express my deep appreciation and cordial gratitude to Dr. (Mrs.) A. Padmaja, Associate Professor, Department of Chemistry, Sri Venkateswara University, Tirupati, for her constant help, active involvement, timely interaction and fruitful discussions at all stages of this work.

I consider it as a great pleasure to express my gratitude to Prof. D. Bhaskar Reddy, Retd. Professor, Department of Chemistry, Sri Venkateswara University, Tirupati, for his generous affection and concrete suggestions.

With deep sense of gratitude I express my sincere thanks to late Prof. A. Srikrishna, Department of Organic Chemistry, Indian Institute of Science, Bangalore, for providing spectra for some of the samples and Prof. P. Kondaiah, Department of Molecular Reproduction Development and Genetics, Indian Institute of Science, Bangalore, for evaluating cytotoxic activity for some of the compounds.

I wish to express my thanks to successive Heads of our Department Prof. P. Venkateswarlu, Prof. K. Seshaiyah and Prof. C. Venkata Rao for providing laboratory facilities to carry out the research work.

I am grateful to CSIR, New Delhi for providing financial support.
