ACKNOWLEDGEMENTS

To be or not to be grateful is not the question, how to be is one! Traditional words are plenty but their "traditional use" has turned this pleasant duty into a formality. This will not project the picture of the volcano of feelings that is rumbling and struggling to burst out of me through words to vocalize that I owe to my reverend guide Dr. (Mrs.) Meena U Patil, Professor and Head, Department of Zoology, Dr. Babasaheb Ambedkar Marathwada University Aurangabad, who groomed me at each and every step of the entire research work and made me worth what I can claim to be now. Mere words cannot express the depth of gratitude, I owe to her.

It is my pleasure to express my sincere thanks to Dr. Anil Mahabal, Senior Scientist, Zoological Survey of India, Pune, for their timely help and valuable co-operation for my research work.

A man can find his own way but there should be an activating impetus and this bolster one to explore out, what one aspires. Such as unmemorable guiding push I found from Shri Dilip Yardi, an amateur birder, who always made me understand the diligence and punctuality. I also wish to acknowledge with great zeal for their expert counsel and suggestions given by Dr. PM Wyavhare, Head, Dept. of Zoology, Jayhind College, Dhule for my research study.
I am specially obliged to the Principal Dr. SN Thore, former Principal BS Jadhav and Dr. BB Dhule, former Head, Department of Zoology, Vinayakrao Patil Mahavidyalaya, Vaijapur for their continuous encouragement and timely cooperation during the course of my work.

I am grateful to Hon’ble Bhahusaheb Patil Thombre (Kaka), Director, MSP Mandal, Aurangabad, Hon’ble Gangadhar (Nana) Patil, Member of MSP Mandal Aurangabad, Kashinathseth Gaikwad and Bhagwan (Nana) Tambe, Member of LGC, Vinayakrao Patil Mahavidyalaya Vaijapur, for their constant stimulus during the course of my research work.

I take this opportunity to express my profound gratefulness to Adv. Umakant Patil, Prof. SL Shewale, ML Sonawane, VG Kasbe and VV Patil for encouragement and pursuing higher studies.

I am highly obliged to my brother Pandurang Sirsat, Kishan Suryawanshi, Dagdu Sirsat, Dattatray Pawar, Ratanseth Kamble, Ramvilash Bajaj and Smt. Vimal (Randhe) Khedkar whose timely help, suggestion and moral support brought me to this stage.

I deem it a privilege to acknowledge specially Kishan Aher and Kailash Aher (Bhillas) who shared their traditional knowledge, experience and ideas for many times, Smt. Kusum Anarthe and many other known and unknown farmers, fishermen and shepherds that provided me with strength to move on. I am also highly indebted to research colleagues Mrs. Sudha
Bansode, Mrs. Usha Sherkhane and Ravi Pathre. It gives me a great pleasure to acknowledge the help and co-operation rendered by FS Kale, teaching and nonteaching staff, librarians of my college and Dr. Babasaheb Ambedkar Marathwada University, Aurangabad.

I am highly thankful to Vilash Rammaya, Ajay Aher, Manoj Gavane and Harish Kumavat for photography, typing, technical assistance and timely help rendered by them.

Last but not the least; my gratitude is due to late RK Tribhuwan whose silent blessing has always been with me. At this juncture, I remember a Jewish proverb, which goes like this- “God could not be every where, therefore he created father and mother so that he could be always with you.” Lastly, I am ever grateful to my wife Mrs. Alka, daughter Ankita, sons Aniket and Ayush who have endured my separation patiently when they needed me the most, their moral support and constant encouragement had been instrumental in making the present work to see the light of the day.

Aurangabad
