ACKNOWLEDGEMENT

Right at the outset I would like to express my gratitude to my research guide Dr. K.S. Deshpande for kindly accepting me as research fellow and also for showing me the light when I stood stranded at the crossroads. But for his encouragement and scholarly guidance, the present doctoral program would never have been completed. Hope he would understand my feelings for him. My thanks are due also to Dr. Mrs. Usha Deshpande for having kindly encouraged me to go ahead with the present research work. I owe special thanks to Dr. O. S. Rathor, Mr. S.W. Kasture and all the faculty members of Dept. of Botany, Science College, Nanded for providing the necessary boost and facilities I required so very badly during my research studies.

I am equally appreciative of Mr. Shivaji Kachave, the Registrar, Marathwada Agriculture Univ., Prabhani, and Dr. A.K. Deshmukh, Head, Hindustan Agri-Genetics, Gundilla Pochampally, Secundrabad, for their constant help and encouragement in various aspects.

I am grateful also to the Management Council, University Of Bombay for awarding me Sir Currimbhoy Ebrahim and Bai Khanoobai Noormahomed Jairagbhoy Peerbhoy Scholarship for research in Science and Technology. Their support was both timely and Significant.

My sincere thanks are also to A.C.E. Computers for neatly and cheerfully typing out the final draft of the present thesis.

Finally, I stand and gratitude to my family members and close friends who not only inspired me to undertake present work but also provided every possible help in order to make my research studies.
