BIBLIOGRAPHY

1. Agarwal V K, Kumar P.
   Follow up study of treated cases of tuberculous meningitis.
   Ind. Ped. 6, 291, 1969.

2. Arout J, Zanbarow J C.
   Fundus changes in tuberculous meningitis report on 100 cases.

3. Ashby M, Grant H.
   Tuberculous meningitis with cortisone.
   Lancet 1; 65, 1955.

4. Athavale V B.
   Cortisosteroids in the treatment of TEM in children.

5. Benakappa D G, Chandra Shekar S K, Chandra Shekar P,
   Kakkur M, Bhargava K.
   Tuberculous meningitis - Review of 50 cases.
   Ind. Ped. 12, 1161 (1975).

6. Bhatnagar B S, Srivastava B N.
   Ocular changes in TEM in children, a preliminary report
   on 30 patients.

7. Bharucha P E, Potdar R D.
   An analysis of patients treated at the KEM hospital
   Bombay during $\frac{3}{4}$ year period (1961-1964).
   Ind. Ped. 4; 341, 1967.

8. Bharucha P E, Talwalker Y B.
   Treatment of TEM.

9. Bhaskar O N, Gupta S P.
   Tuberculosis in children.
   Ind. Ped. 6; 65, 1969.
10. Boyd G.
   Interstitial optic neuritis in TEM.

11. Bulkley W C M.
    TEM treated with ACTH and Isoniazid.

    The brain & meninges in TEM.
    Neurology India 18, 86-100, 1970.

13. Dastur D K, Udani P M.
    Paediatric clinics of India.
    Vol. 18, No. 3-4, 116 1983.

14. Desai H G, Ankelsaria E D.
    Ophthalmological aspect of TEM.

15. Dhir H K, Sofat B K, Nahata M C.
    Optic neuritis treatment by ACTH and cortisone.

16. Dikshit K P, Singh S.
    Factors influencing prognosis of TEM.

17. Dolcet, Buxeret, Luis.
    The ocular changes in tuberculous meningitis in children.

    System of ophthalmology Vol XII London Henry Kimpton

    System of Ophthalmology Vol VII.

20. Dutta L C.
    Pattern of Eye diseases in children.
Mortality from TBM reduced by steroid therapy.
Paediatrics 56, 1050, 1975.

22. Fallon R J, Kennedy D H.
Treatment & prognosis in TBM.
J. Infect 1981; 39-44.

23. Chai O P.
Tuberculous meningitis.
In essentials of pediatrics. Ist Ed.
Sagar Publications New Delhi, 1977.

TBM: the diagnostic and prognostic significance of spinal
fluid sugar and chloride.

25. Gordon A, Parsons M.
The place of corticosteroids in the management of TBM.

Prognosis & sequelae of TBM.

27. Gupta B, Webb J K G.
TBM in South Indian children (A review of 117 cases).

28. Gupta G D.
Optic nerve involvement in TBM.

29. Gupta S, Chopra K.
TBM in children - Review.

30. Hainz P E, Thomas R T.
Tuberculous infection of the central nervous system.
Text book of pediatrics Ed, Nelson W E Tokyo, Igaku
Shoin Limited.
31. High R H, Nelson W E.
   Text book of paediatrics 10th Edition

32. Hockaday J M, Smith H V.
   Cortisones as an adjuvant to chemotherapy of TB.

33. Idriss Z H, Sinno A A, Kronfold N M.
   Tuberculous meningitis in childhood.

34. Illingworth R S, Wright T.

35. Indian Council of Medical Research.
   34: New Delhi; ICMR 1958.

36. Isente Ivan.
   The clinical significance & value of Ophthalmoscopy in TB.
   TBM treated with SM & PAS.

37. Jaffe I P.
   Tuberculous meningitis in children (letter).

38. Kapur S.
   Evaluation of tuberculous meningitis since the use of steroids.
   Ind. Ped. 6: 166, 1966.

39. Khatua S P.
   TBM in children. Analysis of 231 cases.

40. Koshy P, Benjamin V, Janaka S.
   TBM and its treatment.
41. Laha P N, Dev A M, Misra M P.
    Tuberculous meningitis in infants and children.
    Ind. Jour. of Ped. 23; 313, 1956.

42. Lincoln E M.
    TB in children with special reference to serious meningitis.
    Am. Rev. Tuber. 56; 75; 1947.

43. Lincoln E M, Sordille V R, Daries P A.
    A review of 167 untreated and 74 treated patients with specified reference to early diagnosis.
    Jour. Ped. 57; 807, 1960.

44. Lincoln E M, Sowell E M.
    Tuberculosis in children.

45. Lothe P S, Gupta S P, Agarwal S P.
    Study of TB in children with special reference to its diagnosis & complications.

46. Macgreger A R, Green C A.
    TB of the central nervous system with special reference to TBH.

47. Mager F.
    Fundus oculi of tubercular patients treated with SM.

48. Manchanda SS, Lal H.
    TB in children, A problem unsolved in India.
    Ind. Ped.3; 167, 1966.

49. Meindl J L.
    Tuberculous meningitis in the 1830s.

50. Meyers B R.
    Tuberculous meningitis.
51. Miller J F.
   TB situation in India.

52. Mishra R K, Gupta S P.
   Ocular complications of TBM.

53. Misra S S, Khanna B K.
   Prognostic factors in tuberculous meningitis.

54. Mittal V N, Gupta M C.

55. Mooney A J.
   Some ocular sequelae of tuberculous meningitis.

56. National Tuberculosis Institute, Bangalore.

57. O'Toole R D, Thronton G F, Mokherjee M K, Nath L R.
   Dexamethasone in TBM,
   Relationship of CSF effects to therapeutic efficacy.

58. Pamara S P.

59. Park J K, Park K.
   Text book of preventive & social medicine.
   5th Ed. Jabalpur (India)

60. Ramachandran R S.
   Tuberculous meningitis.

61. Rao K N.
   Text book of Tuberculosis.
The pathogenesis of TB.

63. Satya Gupta.
Extrathoracic tuberculosis.
In a Text book of Pediatrics 1st Ed.

64. Samana S, Tomar V P.
Ocular lesions in tuberculous meningitis.
Ind. Ped. 7; 622, 1970.

65. Sheth S C.
Extrapulmonary tuberculosis.

66. Shrivastava R N, Verma B L, Prasad B C.
Amocliified criterion for social classification of
Indian families 1981.

67. Smith A L.
TB in children.

68. Tamaskar V, Bhandari N.
A clinico-bacteriological study of meningitis in
infancy & childhood.

69. Tandon P N, Pathak S N.
TB in tropical neurology.
(Ed,J.N.Spillane ).

70. Taylor K B, Smith H V, Vollum R L.
TB of acute onset.

71. Thapar P K.
Incidence of positive bacteriology in cases of TB.
Indian Ped. 4; 169, 1967.
72. Thapar R K, Dayal R S, Singhal K C.
   Ocular manifestations intuberculous meningitis.
   Ind. Ped. 5; 465, 1968.

73. Tooke F.

74. Udani P M, Bhat U S.
   Tuberculosis of central nervous system.
   Part II - clinical aspects.
   Ind. Ped. 11;7, 1974.

75. Verma B M, Agarwal V K.
   Ocular manifestations of tuberculous meningitis in children.

76. Verma B M D, Srivastava S K, Srivastava J R.
   Ocular manifestations of tubercular meningitis and their prognostic value in children.
   Ind. Jour. Ophth. 29(3)301-2, 1981.

77. Walsh F B.
   Clinical Neuroophthalmology.

78. Wright N L.
   Observations on the diagnosis of tuberculous meningitis.
