ACKNOWLEDGEMENT

Any work is practically impossible without motivation affection and encouragement. So many waves of emotion engulf the ocean of my heart when I have a retrospective view of the period that I have devoted to the present investigation. I shall always remain indebted to so many people of all walks of life who have proved turning points in shaping my personality. I feel immense pleasure in mentioning a few of them.

It is my prerogative to express my gratitude to my esteemed supervisor Dr. (Mrs.) Sunita Sharma, Assistant Professor, Department of Home Science, K.R.G. (P.G.) College, Gwalior (M.P.) under whose proficient and able guidance this work has been accomplished. Her persistent interest and suggestions during the entire period of study have paved the way for this manuscript to reach its present form.

It is with deep sense of gratitude and respect that I extend my thanks to Dr. D.N. Pandey, Ex. Professor Statistics and Demography, S.N. Medical College, Agra, for his excellent and effective guidance to accomplish this work. He gave me his valuable time and suggestions and helped me in data analysis which would not be possible without his directions.

I am much indebted to Dr. (Smt.) Manju Dubey, Prof. and Head, Department of Home Science, K.R.G. College, Gwalior (M.P.) for her enthusiastic help and providing all necessary facilities required during the course of this work.
I offer my profound gratitude to Dr. (Smt.) Saroj Modi, Principal, K.R.G. College, Gwalior (M.P.) who gave permission to complete the research work.

I owe a debt of gratitude to all the Staff Members in the department of Home Science, for their moral support to complete this work.

I am thankful to the Librarians of various institutions in particular to K.R.G. College, Gwalior (M.P.) and Institute of Home Science, Agra.

No formal words can articulate my reverence and gratitude to my respected parents, Shri Harendra Singh and Smt. Lata Singh. Their constant love, care and blessings cannot be overlooked.

My acknowledgement would be incomplete without mentioning the names of my friends Kritika Shukla and Kamini. I thank them for their co-operation and motivation given to me from time to time.

The completion of this work would not have been possible without generous and untiring assistance of Mr. Prashant Kaushik. He deserves congratulation for the neat printing and getup of the thesis.

Lastly but not the least, I am highly thankful to Supreme God who has given me courage to complete this work, without His spiritual mercy on me, I could not have accomplished this work.
