

## ACKNOWLEDGEMENT

It gives me immense pleasure to place on record the invaluable supervision, guidance and cooperation of all those who have been instrumental in the completion of this research.

It is a unique opportunity to express my deep sense of gratitude to Professor L.R.Sharma, Department of Economics, Himachal Pradesh University, Shimla, under whose kind supervision, guidance, encouragement, support and inspiration towards the completion of this work. In spite of his very busy schedule, he spared his valuable time whenever I approached him and it is mostly due to him that I have been able to complete successfully. His deep insight into the subject and intuitive knowledge benefited me immensely and made even difficult problems comprehensible.

I am highly grateful to Professor J.P.Bhati, Chairman, Department of Economics, Himachal Pradesh University, Shimla, for providing the necessary facilities in the department and for his active interest. I am also deeply indebted to Dr. Vandana Rao who took lot of interest to initiate me in the problem of this study and also for introducing me to some very interesting computational techniques in the field.

*I express my sincere thanks to Dr. N.S. Bist and Dr. J.C Kharwal, Department of Economics, Himachal Pradesh University, for fruitful suggestions and help at various stages of this study. I wish to record my heartiest thanks to Ms Yamini, Research Associate, Population Centre, Himachal Pradesh University, for her cooperation and kind help at various stages in the preparation of the thesis.*

*I also express my oceanful of thanks to Professor H.N.Mishra, Department of Geography, Himachal Pradesh University, Shimla, for his active interest and inspiration throughout this work. Dr.S.P. Saraswat, Research Investigator, Agro-Economic Research Centre, Himachal Pradesh University, also deserves appreciation and sincere thanks for some useful suggestions. My heartiest thanks are also to Dr.P.K.Ahluwalia, Department of Physics, H.P.University for his kind help at the time of preparation of the thesis.*

*I offer my endless thanks and sincere gratitude from the bottom of heart to my Parents, Bhaiya, Bhabhi, whose blessings became the source of constant motivation for me which made the present work possible. The continuous help from my sister Dr.Neeta Mishra at different stages of preparation of the present*

thesis is highly acknowledged. Further, the assistance of my brother Hemant Sharma for completing the wordprocessing of this presentation, is affectionately acknowledged, for whom I realise that the task took a great deal of his precious time.
