ACKNOWLEDGEMENTS

I would like to express my profound and heartfelt gratitude to my guide and supervisor Dr. Balram Dogra, Professor and Dean, Institute of Management Studies, Himachal Pradesh University, Shimla, and presently the Director, Apeejay School of Management, Jalandhar, who has given valuable guidance and suggestions for the study and has painstakingly gone through the manuscript to balance content, format, style and integration to help bring this thesis to present form.

I express my gratitude to Shri Pawan Purohit ex-banker, environmentalist and social worker for his continuous encouragement, guidance and support throughout the course of the research. I am also obliged to Shri S.K. Guleria, D.F.O Wildlife, Hamirpur for his valuable suggestions and encouragement. My thanks are also due to Kumar Computers, Dharamshala and Mr. Joginder, UCO Bank Dharamshala for typing and IT support. I thank all people and institutions who helped me in providing encouragement, information and database for the present research.

I am greatly indebted to my old parents for inspiring me to do something creative for the benefit of the society which has culminated in the form of present thesis. I will have to thank my wife Puspa Patial and sons - Tarun Singh & Arun Chander for having taxed their time for their inspiration and support in typing and other allied activities.

This thesis is dedicated to all those who have a “vision and reason” to advocate, practise and prophesize the “environment management” - as a survival strategy encompassing the time continuum.

Lal Chand Patial
