List of Tables

Table 1A: Administrative Units of the Sundarbans

Table 2A: Archaeological Evidences of the Sundarbans
Table 2B: Archaeological Evidences of Lower Bengal (then Sundarbans)

Table 3A: Block-wise Population Density (in Km$^2$) of the Sundarbans, 1951
Table 3B: Block-wise Distribution of Allometric Value in Two Different Phases in the 20$^{th}$ Century
Table 3C: Block-wise Distribution of Packing and Spilling Rate in Two Time Points in the 20$^{th}$ Century
Table 3D: Intra-Block-wise Demographic Relief in Two Time Points in the 20$^{th}$ Century
Table 3E: Blocks Showing Tremendous Growth in the 20$^{th}$ Century

Table 4A: Particulars of Topographical Maps Used in the Present Study
Table 4B: Details of Landsat Data Used in the Present Study
Table 4C: Details of Landsat Data Used in the Present Study
Table 4D: Distribution of NDVI Status in Two Time Points
Table 4E: Different Modes of Land-use and Land Cover in 1975 and 2004-06
Table 4F: Factor Analysis for the Relationship of Population and Environment

Table 5A: Selection of Sample villages for Inter-Religious Relationship
Table 5B: Village-wise Perceived Score of Inter-Religious Relationship
Table 5C: Selection of Sample villages for Inter-Ethnic Relationship
Table 5D: Village-wise Perceived Score of Inter-Ethnic Relationship
Table 5E: Items of Social Interaction
Table 5F: Perception Relating to Local Rituals and Values
Table 5G: ANOVA Table (Riverine Community)
Table 5H: ANOVA Table (Non-Riverine Community)
Table 5I: Strength of Symbiotic Ties
Table 5J: Nature of Obligatory Relationship
Table 5K: Worship Execution and Faith
Table 5L: Inter-village Interaction on the Occasions of Community-Oriented Rituals
Table 5M: Age-Wise Trend of Migration: Riverine and Non-Riverine Cases
Table 5N: Relational Strength among EGMVO Factors (Riverine Case)
Table 5O: Relational Strength among EGMVO Factors (Non-riverine Case)
Table 5P: Relational Strength between EGMVO Factors and Social Atom
Table 5Q: Average Inter-Village Distances
Table 5R: Successive Correlation of Inter-village Social Interaction

Table 6A: Characteristics of the Selected Riverine Villages
Table 6B: Characteristics of the Selected Non-Riverine Villages
Table 6C: Sample Characteristics of the Selected Riverine Villages
Table 6D: Intra-Occupational Mobility - Bhangankali
Table 6E: Intra-Occupational Mobility - Purandar
Table 6F: Intra-Occupational Mobility – Jhorkali-4
Table 6G: Types of Intra-Occupational Mobility
Table 6H: Nature of Intra-Occupational Mobility
Table 6I: Chronological Change of Engagement in Tiger Seed Collection
Table 6J: Village-Wise Occupational Diversification
Table 6K: Livelihood Dynamics: Intra & Inter Occupational Mobility - Bhangankali
Table 6L: Livelihood Dynamics: Intra & Inter Occupational Mobility – Purandar
Table 6M: Livelihood Dynamics: Intra & Inter Occupational Mobility – Jhorkali-4
Table 6N: Engagement in Terrestrial Occupation
Table 6O: Intra-Occupational Mobility
Table 6P: Occupation-Wise Participation in Percentage
Table 6Q: Preference to Different Occupations and Engagement for Younger Generation
Table 6R: Age-Wise Engagement in Aquatic Occupations
Table 6S: Derived Critical Age for Aquatic Occupational Engagement
Table 6T: Sample Characteristics of the Selected Non-Riverine Villages
Table 6T: Nature of Intra-Occupational Mobility
Table 6U: Village-Wise Occupational Diversification
Table 6V: Intra-Occupational Mobility – Phulmalancha
Table 6W: Intra-Occupational Mobility – Jhorkhali 2
Table 6X: Occupation-Wise Participation in Percentage
Table 6Y: Preference to Different Occupations and Engagement for Younger Generation
Table 6Z: Family-Wise Occupational Index (FOI): Riverine Villages
Table 6AA: Family-Wise Occupational Index (FOI): Non-Riverine Villages
Table 6AB: Temporal Change of Skewness of FOI: Riverine and Non-Riverine Villages
Table: 6AC: Chi Square Values of Two Time Points

Table 7A: Characteristics of Locale
Table 7B: Sample Characteristics for Qualitative Study
Table 7C: Analysis of the Narratives Relating to Cognitive Attachment
Table 7D: Analysis of the Narratives Relating to Physical and Psychological Dependency
Table 7E: Analysis of the Narratives Relating to Past Memories and Environmental Issues
Table 7F: Analysis of the Narratives Relating to Sense of Place (Combination of Component 1, 2, 3)
Table 7G: Goodness-of-Fit Indices for One and Two Dimension Models
Table 7H: Location-wise Confirmatory Factor Loading of Place Attachment Model
Table 7I: Location-wise Eigen Values (PC_1 to PC_4)
Table 7J: Location-wise Exploratory Factor Loading of Place Attachment Model
Table 7K: Location and Item-wise Place Attachment Score
Table 7L: Location-wise Average Score of Place Attachment
Table 7M: Measure of Association between Place Identity and Place Dependence
Table 7N: Selected Adjectives for Place Evaluation Study
Table 7O: Location-wise Eigen Values (PC_1 to PC_4)
Table 7P: Location-wise Principal Component Analysis of Place Evaluation Model
Table 7Q: Location-wise Extracted Dimensions of Place Evaluation Model
Table 7R: Perceived Value of Place Evaluation
Table 7S: Component-wise Perceived Value of Place Evaluation
Table 7T: Set of Conditions Used in Guttman Scale
Table 7U: Lucrative Places for Migration and Their Functional Importance
Table 7V: Responses about the Different Conditions (According Guttman Scale)
Table 7W: Average Place-Bond Score (According Guttman Scale)
Table 7X: Opinions relating to Place Response Test
