ACKNOWLEDGEMENTS

When it comes to express the heart felt gratitude towards those who were life and soul to his work my situation is aptly summed up by the lines when the heart is full, the tongue is silent words if they could be adequately used would perhaps still not suffice in bringing forth the totality of my gratefulness for those concerned. Nevertheless, I will certainly not spare this fortunate opportunity of conveying my feelings in all their humbleness.

The immense and generous helps compounded by the expert guidance and constant encouragement extended by Dr. B.S. Jain, M.S., Assistant Professor in ophthalmology, M.I.B. Medical College, Jhansi has imbeded in me an unflagging zeal for this work. His ready accessibility even at his personal inconvenience, has heartening words provided the self confidence so vital for undertaking such a project. This study carries the glittering imprints of his dynamic personality, wise and concrete suggestions and meticulous attention to detail.
A feeling of sincere gratefulness overwhelms me when I consider my revered and benevolent teacher V. Misuriya, M.S., Assistant Professor in Ophthalmology, M.I.B. Medical College, Jhansi under whose masterly guidance, brotherly attitude and lively temperament, I had an opportunity to work. I find myself lacking when it comes to choosing adequate words to express myself.

For Dr. C.D. Gupta, M.B., D.O.M.S., Associate Professor and head in Ophthalmology, M.I.B. Medical College, Jhansi. I have the deepest respect and a sense of perpetual indebtedness. He has a source of unlimited help and profound knowledge without freely banking upon which it would have been impossible to complete this awesome task. His discerning criticism seasoned rationale and affectionate nature were a constant beacon of moral support to me.

All of my colleagues and friends, whose co-operation and pains taking help are unaccountable deserve a special words of thanks, Dr. B.S. Bist, Dr. S.K. Pandey, Dr. Ashok Kumar, Dr. C. Singh, Dr. Anil Rastogi, Dr. Dushil Kumar must be mentioned here.
At this moment of glory and award I humbly accept that all credit accrued actually goes to my parents and younger brothers. Their affection, sacrifices and patience have made all this worth while.

My heart felt gratitude and thankfulness is for the patients who were the base of this project to all of them I have to say without you this could not have been possible.

The entire manuscript has been typed in an exemplarily manner by Shri K.C. Sharma. I am highly thankful to him for his patient and untiring efforts.
